

Two Buildings Are Let by the Board of Regents

Two new buildings will be under construction on the campus of West Texas State College by February 20, according to bids approved Friday in Dallas.

Bids were opened here last month by President James P. Cornette, the architect M. O. Carder of Amarillo, and Secretary Claude Isbell of the Board of Control. The purpose of the meeting in Dallas was to verify the bids and see that both were in proper form.

Dr. Cornette returned Friday night from the Board meeting in Dallas, which was presided over by Newton Harrell, chairman of the Board of Regents.

The gymnasium will be constructed at a cost of \$376,846. Neill Singleton of Amarillo was the low bidder on the building. It will be located on the block of land west of Buffalo Stadium. Four barracks have been removed, having been sold to Turkey citizens. The gym will be built from the share of West Texas State resulting from a constitutional amendment by the people of Texas in August, 1947.

The chapel building contract was let to Wedding & Cochran of Amarillo for \$26,297, with provisions that the architect may add items of construction which will run the amount up to \$44,358, which has been raised for this building. Dr. J. A. Hill, president emeritus of West Texas State, is responsible for having raised the necessary funds to build the chapel. The chapel will be located south of Cousins Hall, facing west on the drive from Fourth Avenue to the east entrance of the administration building.

Plans for the new library building are being drawn and it is hoped that a contract may be let at the Board of Regents for this building at the May meeting.

Body of Mrs. Carrie Heizer Returned to Canyon For Burial

The body of Mrs. Carrie Scott Heizer was returned here from North Hollywood Saturday for burial in Dreamland Cemetery. Mrs. Heizer had been living in California for 13 years. She was 80 years of age.

The funeral was held Monday afternoon at 2:30 o'clock at the First Christian Church, conducted by the pastor, Rev. W. R. Malsler. Burial was by the side of her husband, the late W. E. Heizer, who was in the grain business in Canyon before his death in 1923.

Surviving is one daughter, Mrs. A. E. Terry of North Hollywood, Calif. She was accompanied here by her son, Al, for the funeral. Two other children of Mrs. Heizer are deceased, Mrs. Neva Childress who died in 1918; and Lynn Heizer, who died in 1943. Mrs. Carl Heizer is the daughter-in-law of the deceased.

Pall bearers were: Bob Parsons, Earl Burtz, Albert Brown, Jim Upfold, Jack Middleton, Hosea Foster, Lee Foster, Jay Prichard.

Interment was in Dreamland Cemetery in charge of the Griggs-Warren Funeral Home.

Airport Land Is Given College by Deed Monday

West Texas State has secured the title to the 217 acres of land east of Canyon for the airport under terms of deeds which were authorized Monday by the Commissioners Court and the City Commission. This project has been hanging fire for several months trying to work out details.

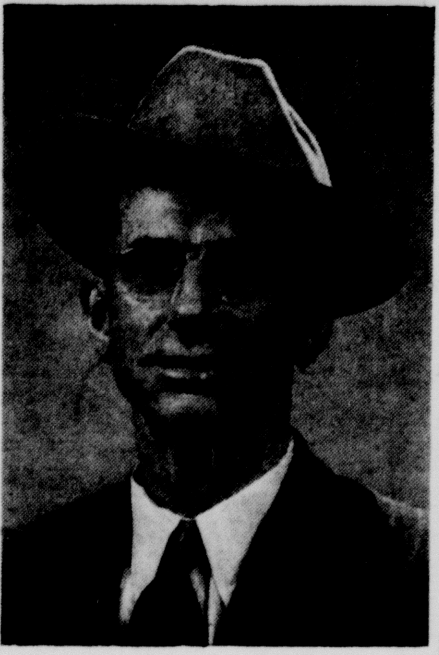

As the matter now stands, the college has clear title to the land so it may proceed with a new contract with CCA for the operation of an airport. The deeds stipulates that if the college should decide in future years not to operate an airport that the state shall pay a stipulated amount for the land, and that this site may be used for other purposes.

Attorney for CCA was here Monday and approved the deeds and the transfer of ownership.

SISTER-IN-LAW DIES

Mr. and Mrs. A. B. Russell were called to the bedside of his sister-in-law, Mrs. Lula Russell in Slaton on Wednesday. Mrs. Russell, who is known here by many friends, died on Friday.

A. E. Wise Is a Candidate Office Commissioner No. 3

A. E. WISE

The News is authorized to announce the candidacy of A. E. Wise for the office of County Commissioner, Precinct No. 3. His announcement follows:

"I have been urged by friends and neighbors to announce for a candidate as County Commissioner, Precinct No. 3. Mr. D. S. Hill, who has served the precinct for 14 years in this office, will not be a candidate. I shall be happy to serve the precinct in his place, if elected to this important office.

"I have been a resident of Randall county for 31 years, and have lived on my farm in Precinct 3 for 21 years. This is the first time that I have ever offered for public office, but I feel qualified to carry on the work which devolves upon the Commissioner.

"I shall cooperate with all members of the Commissioners Court and with other Randall county officials in carrying out the will of the people of my precinct as well as all citizens of the county in giving the county the very best administration of your public affairs. I shall be for economy as well as efficiency in government.

"I shall devote all of the time necessary to carry on the duties of the office. I trust that it will be possible for me to see each and every voter of Precinct No. 3 before the election, but if I should miss any of you, I hope that you will consider this statement my personal invitation for you to make a thorough investigation of my qualifications. I shall be happy to serve you to the best of my ability," concluded Mr. Wise.

First National To Increase Its Capital Stock

At a special meeting of the Board of Directors of the First National Bank Friday morning, it was voted to increase the capital stock from \$50,000 to \$100,000. The additional stock is being taken by present stockholders of the bank.

The stock of the late R. H. Wright has been bought by President W. C. Black of the Bank, and will be distributed among the present stockholders.

The deposits of the Bank have reached above the \$6,200,000 mark, and the National Banking department has suggested that the increased capital would be of distinct advantage to the patrons of the bank. When final action is taken on the increase of the capital stock, the First National will be among the best capitalized banking institutions in the Panhandle.

50th Anniversary of First National Bank To Be Observed Soon

The First National Bank in Canyon is 50 years old. It is not only one of the oldest banking institutions in the Panhandle, but likewise one of the strongest in this area.

This event will be celebrated the first week in March. At that time the Canyon News will publish a historical edition regarding the growth and development of the bank.

Other business institutions which are nearing that age of service in Randall county are cordially invited to join in this historical edition. However, space must be reserved for such events during the coming week.

A number of outside firms will carry congratulations to the Bank in the edition of March 9th.

Johnnie McBride left Tuesday for New York City where he will meet his wife and son who have been visiting with her parents in Leghorn, Italy for the past seven months.

Contract To Be Let Soon on 7 Miles in Park

The State Highway Commission plans to start construction on the seven miles of roads in the Palo Duro State Park during the coming month, according to the District Engineer James Lott.

Construction of this pavement was authorized by the department which agreed to this work after State Representative Blake Timmons of this district introduced a bill in the legislature requiring that this work be done. The department first maintained that it had no authority to go onto private property because of the debt against the land.

The department agreed to the voluntary construction after the bill was introduced, and the late Governor Jester urged that the department take over this road. Easements were secured so as to give the state control of the road and to settle the question of ownership of the right-of-way.

Attendance at the Park this winter has been unusually heavy because of the open weather, and when the road is paved it is contemplated that the attendance will continue to grow month after month.

Good Number Take Trips to See Boys and Contest Calves

Friday and Saturday were ideal days for inspection of the calves and pigs which are being prepared for the FFA and 4H Club Stock Show in Canyon on March 4th.

A large number of Canyon citizens availed themselves of the opportunity to making the trip which took them onto the farms and ranches of many of the leading breeders of the county.

The two day trip was made in order that all boys might be visited on their home places and that the visitors have an opportunity to view the splendid work which is being accomplished by these organizations.

Census Bureau To Count Studes In College Towns

The Census Bureau has ruled that all students attending college shall be counted in the town where they are registered in college, rather than in their home towns, regardless of the college or state in which they are attending college.

The present ruling will boost the population of Canyon, but will be unfair to towns throughout this area where colleges are not located. At the present time there are 1169 students enrolled in Canyon, with 616 attending the Amarillo Center. Just what per cent of these students will be counted as living in Canyon has not been determined.

It is reported that Amarillo and many other towns in Texas will protest this ruling of the census department.

Mr. and Mrs. J. Evetts Haley and Son to Europe

Mr. and Mrs. J. Evetts Haley and son, Jimmie, will leave Canyon Saturday for a tour of Europe. The party will be back June 10, but Mr. Haley may return by plane in order to cut down time.

They are making the trip with Mrs. Louis L. Dent of Colorado Springs. She is taking a station wagon in which they will make a tour of France, Spain, Italy, Germany, Holland, England and Scotland.

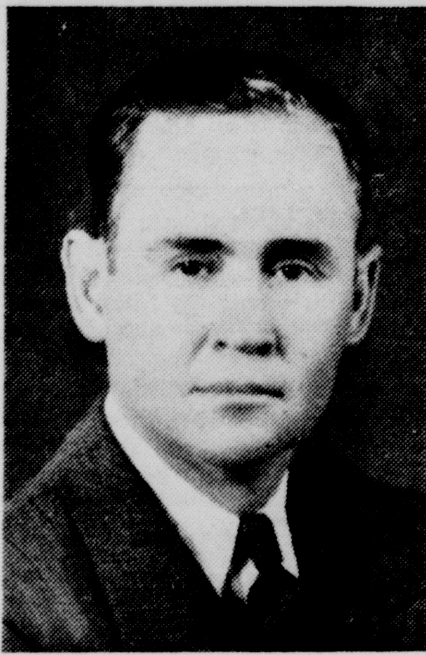

Contract Soon For Farm-to-Market Road

A contract will be let during the coming month on construction of the farm-to-market road to run west ten miles from the Donnell farm west of Canyon on Highway 60.

All of the right-of-way has been secured for the road and fences set back for the construction.

Buy, Build and Live in Canyon.

Rev. Bollman Has Resigned Pastor of Local Church

REV. B. F. BOLLMAN

The resignation of Rev. Benjamin F. Bollman as pastor of the First Presbyterian Church was presented to the local congregation Sunday morning. He resigned in order to accept a call near Chicago, and left Saturday with his family for Albuquerque to visit in the home of Mrs. Bollman's brother before proceeding to his new pastorate.

Rev. Bollman has been pastor of the local church for three years. He was serving as a missionary in the Philippines when the Japs conquered the Islands. The family was in a concentration camp until liberated by American troops.

The local church has not called a pastor to succeed Rev. Bollman.

Sister of Mrs. W. O. Parker in Car Wreck Near Amarillo

Mr. and Mrs. C. R. Cole of Pratt, Kansas, were on their way to Canyon Saturday night to visit in the home of Mrs. Cole's sister, Mrs. W. O. Parker, when they were in a truck-car wreck near Amarillo.

Mr. Cole was driving and saw a truck coming down the highway weaving from side to side. Cole attempted to avoid a crash, but his car was hit, practically demolishing the machine.

The driver of the truck was held on the charge of drunken driving.

Mrs. Cole has a cut to the skull over her right eye, which required eight stitches. Fortunately no other physical injuries were sustained by either Mr. or Mrs. Cole.

No Division of Concrete Thru Canyon on 87

When the pavement on Highway 87 is completed through Canyon there will be no concrete dividing line down the middle as erected north of Canyon on the four-lane construction.

District Engineer James Lott has assured Mayor W. A. Warren that either illuminated buttons, or a double stripe of illuminated paint will go down the middle of the four-lane pavement.

The curbs along the new highway will be low at all service stations so that customers may drive into the stations at will. This policy of non-interference with local business has been uniformly adopted by the State Highway Department throughout the state, according to Mr. Lott.

Mann Murder Trial Is In Progress at Randall Court House

Billy Max Mann is on trial for the murder of his brother, Donald Mann. The trial started Monday, with the jury being completed by night.

Taking of testimony started Tuesday, with a long string of witnesses yet to be heard Wednesday. Self defense is the plea of the defendant, according to those who are following the trend of testimony.

It is possible that the case will go to the jury Wednesday night, but not likely unless testimony is suddenly curtailed.

Stork Specials

A son was born to Mr. and Mrs. C. R. Wilson on February 10 at Neblett Hospital.

Born to Mr. and Mrs. J. C. Gray, a son on February 13 at Neblett Hospital.

Randall County Sing Song Band will meet in Fairview School house Sunday, February 19, at 2:00 o'clock. Everyone is invited.

Canyon Gets Ready Bond Vote

While no organized opposition has developed to the proposed city bond election to be held in Canyon on Saturday, February 25, citizens are taking no chances.

"We hope that each and every qualified tax payer will go to the polls and express his opinion on this bond issue," said Mayor W. A. Warren. "Bond issues are too often approved by a minority vote of the people. Let's have a big turnout in this election," concluded Mr. Warren.

There has been very little talk among the citizens regarding this election. It is indicated that a vast majority of the tax payers favor the bond issue for the benefits that will be secured by this improvement in the city, but there is always too many citizens who get busy and overlook their duty when election day comes around.

"Some folks still seem to think that the State Highway Commission is kidding in the threat to by-pass Canyon unless we, the citizens, meet our obligation and vote for this bond issue," stated a prominent business man this week. "Those who have observed the work of the highway department know that this bunch never kids anyone, and never makes an idle threat. When they say that they will by-pass a town, they mean just that."

There has been a decided movement in past months to build Highway 87 east of Canyon, cutting off traffic from both the north and south to the Palo Duro Park, and shortening the distance between Tulia and Amarillo.

A map in this issue shows just what could take place if Canyon fails to vote the necessary bonds on February 25.

The bonds will be met and paid off without increasing the tax rate, states Mr. Warren. This should be a satisfactory guarantee to all tax payers in voting for these bonds.

Economy Survey Being Made For Housing Project

An economic survey is being prepared this week by the local housing committee which will be presented to the Housing Authority at Fort Worth. This survey is necessary under the federal allotment for 15 units of housing for low income persons who need homes.

It was contemplated at first that a representative from the Fort Worth office would be in Canyon to make the survey, but Ted Reid was notified that the local committee should proceed with the survey in order to save time.

Mr. Reid, Virgil Henson, W. J. Wooten, C. L. Thompson and Ray Campbell are on the local housing committee.

Press Will Meet at Littlefield With Allen Hodges Sat.

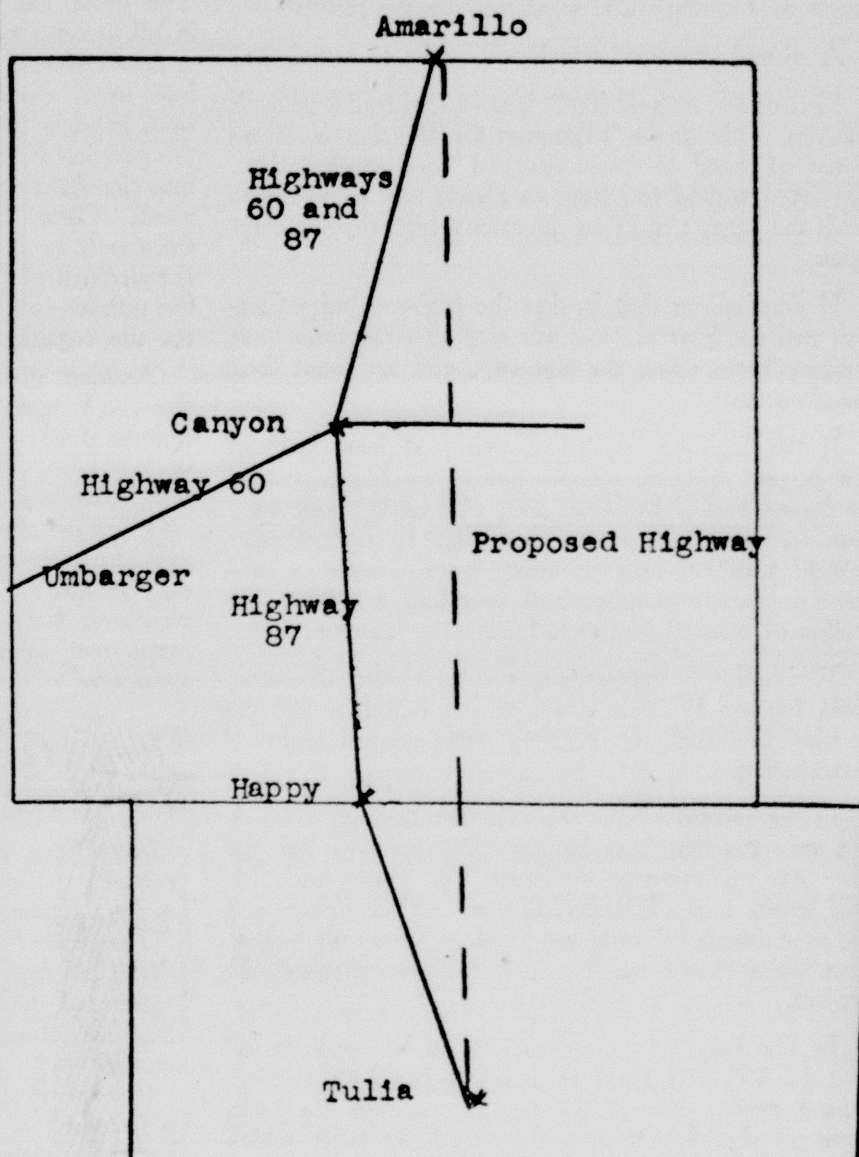

Members of the Panhandle Press Association will hold the third regional meeting of the year Saturday at Littlefield. The newspaper workers will be guests of Allen Hodges, publisher of the Countywide News, and the Chamber of Commerce.

The Canyon News will be represented at the meeting by at least four of the staff members.

Mr. and Mrs. Melvin Neeley and daughter Anelia from Vernon, and Mr. and Mrs. Joe R. Duckworth and daughter Betty from Amarillo, were Sunday visitors in the home of Mr. and Mrs. Dan K. Usery and Peggy.

J. B. Hickman went to Pontiac, Michigan, this week to drive back a new car for the Stevenson Pontiac, where he is now employed as a salesman.

It Could Happen to Canyon

Those who think that Highway 87 might not miss Canyon have only to study the above map for a minute. It could happen to Canyon; the highway could be built directly south from Amarillo to Tulia, unless Canyon taxpayers are aware of this danger and vote for the highway bonds on Saturday, February 25.

Hardware Meet Was Held Monday and Tuesday

MARSHALL D. SHEPHERD
Executive Secretary

MRS. M. D. SHEPHERD
Bookkeeper

The 41st annual convention of the Tri-State Hardware and Implement Association was held in Amarillo Monday and Tuesday. Mr. and Mrs. C. L. Thompson attended all of the meetings, while other hardware and implement dealers in Canyon attended part time. Both Mr. and Mrs. Thompson are past secretaries of the association and Clarence is now a member of the advisory committee.

Mr. Shepherd was elected full time executive secretary of the convention last year, and is assisted in this work by Mrs. Shepherd. They were re-elected to carry on this work for the coming year.

Income Tax Expert Coming Feb. 20 to Assist Citizens

In order to assist Randall county citizens with their tax problems before March 15, Deputy Collector J. A. Desmond will be at the court house in Canyon on Monday, Feb. 20 from 8:30 o'clock until 5 p. m. This will be the only time that a deputy will visit Canyon before the March 15 deadline.

Census Helpers To Be Selected For County Count

The federal census bureau is ready to receive applications for enumerators in Randall county. Application blanks may be received by mail or in person at room 310, post-office building, Amarillo. Walter Shaller is in charge of the census in the 18th Congressional district.

According to information received here, Randall county will have nine enumerators and one crew member in the county. The crew leader will

Mr. Shaller will be in Canyon at the Court House at 11 o'clock Thursday morning, Feb. 16 for the purpose of interviewing applicants for crew leader of Randall county. Enumerators who wish to see Mr. Shaller at that time may come to the court house, or see him later at his Amarillo office.

go to work on March 7 and will be employed for about two months. The enumerators, one in each voting precinct, will start to work on March 27 and will be employed for about three weeks. The leader will draw \$11.92 per day, and the enumerators on a piece-rate basis.

Mr. Shaller will visit all of the counties of the 18th district at a later date to personally interview those who apply. Applicants must have at least a high school education, be in good health, between 21 and 65 years of age, with preference for those between 25 and 45 years of age.

The crew leader must have had at least three years of supervisory experience. These leaders will be selected before the end of February, and enumerators between March 7 and March 25. A school of instruction will be held in each county by the crew leader before the count starts in April.

W. E. Miller To Preside at P. T. A. Father's Night

W. E. Miller will be presiding officer at the Parent Teacher Association Father's Night at the Public School Cafeteria Thursday night, February 16.

Dr. R. A. Neblett and Dr. E. J. Cundiff will preside in the offices usually occupied by their wives. Crews Henry will sell magazines.

Lee Foster will direct group singing and introduce the speaker. Dr. James P. Cornette will be the principal speaker with "Teamwork for Good Citizenship" as his topic. L. S. Johnston with his committee will pour tea at the social hour to follow the regular meeting.

The public is cordially invited to attend.

Mrs. W. A. Jennings, Sr. went to Phoenix, Arizona, with her son, Worth Jennings, last Wednesday to visit for a few weeks.

Jeanie Kay Rusk of Hereford visited her grandmother, Mrs. Jessie Rusk, last Wednesday.

EDITORIAL COMMENTS

What Will Happen If Highway Widening Bonds Fail on Feb. 25?

If Canyon citizens fail to approve the highway bonds on February 25, what will be the results?

A dismal situation, which we quake to anticipate!

First of all, we will likely lose Highway 87 through Canyon. The State Highway Commission is in no frame of mind to be monkeyed with at this time. We have waited too long to please this group, who holds the purse strings on the state's highway development.

If you believe that having the highway miss Canyon will not hurt us, just ask any of those who have business firms along the highway, and see what their reactions are!

If the highway missed Canyon, at least half of the present business houses along the highway will be forced out of business, and will likely move to a location on the highway. This might be several miles east of Canyon, thus removing from Canyon a substantial business section, and founding a competing section of business houses to business in Canyon.

While this is speculative, we have seen the same thing happen to other towns which failed or refused to play ball with the big boys who control highway construction.

In the second place, we will lose through Canyon not only the four lane highway, but we will lose the four lane underpass at the Santa Fe. Going with this will be the new whiteway, the new traffic lights, and the new sidewalks, curb and gutter, together with other beautifying construction which will accompany the project.

In the third place, please let it be remembered that the \$95,000 bond issue may be paid off without raising taxes. But if we fail to approve the bond issue we shall lose a large block of city taxes which will go with the new highway construction. In other words, Canyon stands to lose not only its highway, but thousands of dollars of taxable values in case the bond issue fails.

We have heard it said that there is considerable opposition to the bond issue. If there is, we have failed to uncover it. We hope that this is mere street talk from uninformed persons who would like to oppose any development in Canyon. People of Canyon are not that kind of folks, when it comes to developing Canyon for the benefit of the future.

As we view the situation, the life of Canyon; its growth and future development goes with the favorable passage of the bond issue.

Yes, it's true that a lot of this money will go to firms who have large investments which must be moved, or otherwise handicapped by the widening of the highway. These firms are headed by reasonable men, and we believe that when they realize that progress will be stopped without their co-operation that they will swing into line.

Frankly we started out in this campaign somewhat hesitantly as to what good it would do for Canyon. We are now thoroughly sold on the necessity of the bond issue. If all citizens will just study this question for a few minutes we believe that they will reach the conclusion that a vote against the bond issue will be a vote against future progress and development in Canyon.

Vote on February 25.

Let's Be Sure That All Citizens Are Counted in Canyon

Every person in Canyon should be counted when the 1950 census is taken. It will be a job to find each and every person, and therefore it is the duty of each citizen to make up his mind that he will be counted, together with every member of his household.

Too many folks are missed when they are away from home during the days. In scores of cases every member of the home is employed in some kind of a job. Getting all of these noses counted is a job that will take work both during the day and during the night.

The census starts in April. Make up your mind now that you will be on the rolls when the count is made.

Hot Race in the Making For Office Lieutenant Governor

It would seem that the most important race in Texas this year will be that for Lieutenant Governor. Unless Pappy O'Daniel decides to jump into the race for Governor, this will be a rather quiet affair. Governor Shivers has the inside track, but Railroad Commissioner Olin Culberson is still in the picture.

If Pappy announces, the picture will be changed. For the good? Well, we will have to wait and see what kind of a scheme he hatches up!

Office Holding A Public Trust

Why is it that holding public office goes to the head of so many persons? Those without experience soon believe that the world would suddenly throw on the brakes and refuse to revolve without their services. The Newsman has seen too many little folks in big jobs to be over enthusiastic about holding public office.

Office holding is a public trust; an obligation; as well as an opportunity.

Electoral College Is Doomed

The old electoral college is doomed. It has outlived its usefulness and every state legislature should vote to abolish it as soon as the resolution is presented. We have no reason to believe that this will not be done.

This simply means that every vote in Randall county will count toward the election of a President, rather than election of an elector who will carry out the will of the voter.

Save your radio set; in about two hundred years, when television is everywhere, it will be a rarity, worth much money.

The un-American idea is the belief that the government can always do it better, or worse.

Minority Groups Are Trying To Control Elections in USA

Minority groups cannot win elections unless they catch the people napping, and fail to go to the polls. One of the most aggressive minority groups is CIO. This group has put out its candidates in past elections in all sections of the nation where it is strong. CIO is now trying new tactics. It is sending its organizers into small communities, where labor relations have been good in the past and where no strikes have upset the people. Favorable candidates are selected and put into the field without open CIO support or endorsement. Once these CIO-supported candidates win, there will be great glee among national leaders as to the strength of the party. This is another way to fool the public—and to kid those who are whooping it up for the organization.

Another strong minority is the liquor crowd, who likewise is trying to slip by candidates who are favorable to drink. This bunch seeks to get its candidates in key positions so that they may be used—if and when time arises to show favor to the liquor business.

Elections are coming up this year, when the voters must of necessity screen the candidates carefully. Not only should the voters pick out the candidates who are strongest, but likewise who are free from the contamination as well as domination of these minority groups who have only a selfish motive in any election.

"Red Herring" Should Cause Red Face for President Truman

If the face of the President has not been red, very, very red at times, since his declaration about the "red herring," it certainly should have been.

The President was fearful that some of his pet friends might be caught in the net of investigation because of their unloyalty to their government. The President shrugged off the whole thing as a red herring.

It now develops that instead of handicapping the investigation in every way possible, that the President should have thrown open all avenues of investigation and encouraged the investigation. Not only has the investigation turned up with real, honest to goodness pro-Russian sympathizers who would like to see our government turned over to Russia, but likewise our vital bomb secrets have been stolen by our supposedly good friends and tunneled to the Reds.

Wonder where the red herring stuff is now?

We Are Becoming Immune to Wanton Destruction of Life

Are we living in a world of fear, or have we become immune to useless destruction? We are killing people on the highways, in planes, on the streets throughout the world. Is anyone shocked at this great loss of life?

We have become accustomed to the A-bomb, and no longer fear it. Now it is the H-bomb, which even the scientists hesitate to declare will or not will explode; and should it explode what damage it will do.

The average young person will make all manner of fun of such fear; he has never seen a bomb, and therefore why should he fear it? He is happy so long as he can get hold of a hot rod and run the risk of either killing himself or some one on the streets or highways.

Community Chest Might Save Canyon a Lot of Hard Work

We usually look upon the Community Chest as something for the big towns. Is this absolutely correct?

Here in Randall county we have a string of special calls for special donations—the Red Cross, Polio, USO; various types of charity; Boy Scouts, Girl Scouts; and other special calls.

Don't you believe that it would be the wise thing to lump all of these into one big Community Drive, and make a systematic campaign?

While this is not usually done in small communities, why not start such a reform in Randall county?

What do you say? At least a lot of hard work might be saved.

Debt To Society Varies in Proportion to Size of Sin

We believe that the mild protest from the Texas penitentiary paper *The Echo* is well taken.

A defrauder of war contracts got away with \$784,000 and was sentenced to 2½ years in prison. A forger of two checks in the amount of \$30,000 each got five years for each check. The plea of the prosecuting attorney was that society must collect for these sins. Both men were given credit for the time they had been in jail.

The prison paper wants to know just who society really is, and whether or not this society collects less from the man who is a big defrauder than from the little fellow. The paper goes on to enumerate the number of cases where men are serving long sentences for stealing small amounts, or selling a quart of bootleg liquor.

Yes, we have wondered about those very same things too.

Italian Expert in Sex Problem

It would seem that we have enough sex crazy folks in America, who are out to sell and display their wares. Why do we need to send to Italy to get an expert? Or for a daughter of Sweden to become a national heroine? Even if the Swede was caught unaware in the sexy episode, the Italian seems to qualify as an expert.

Women Candidates at Childress

The women down at Childress are running for public offices. Women candidates have announced for office in many of the civic organizations, including city, schools, Chamber of Commerce and other organizations. They probably figure that they can make no less mess of public affairs than the men are doing. So that's that.

Gun Play Seems Popular

Why is it that the motion picture folks feel that the average theatre goer must have a shooting, or a sex case before he is satisfied with his ticket investment?

It would seem that the pictures are being cluttered up with this sort of stuff. The radio is following suit.

WHO KNOWS

1. What was Napoleon's first name?
2. Who wrote: "Never put off until tomorrow what you can do today?"
3. Name the first and last winners of the Kentucky Derby.
4. Who composed the music for the opera "Porgy and Bess?"

ments as governor and affixed thereunto the great seal of the State of Missouri.

Of course the folks back in Missouri didn't pay any attention—but that is how Marshall, Texas, was capital of Missouri.

Here's another believe-it-or-not: Travis and the other brave Texans in the Alamo died while fighting under a Mexican flag.

You may have seen paintings showing a Lone Star flag flying over the defenders of the Alamo—but historians say this is a mistake. Texas declared her independence from Mexico before the Alamo fell but Travis had not received the news.

The flag the men of the Alamo fought under was the flag of Mexico to which the numerals 1824 were added, referring to the Mexican Constitution of 1824, the democratic principles of which Santa Anna, the dictator, had swept aside.

Did you know that Brownsville, Texas, was the only town in the United States that ever had an ordinance prohibiting camels on Main Street?

Back in the 1850's when Jefferson Davis was U. S. Secretary of War, he had camels brought to Texas as an Army experiment to see whether the animals could carry men and supplies over the dry and sandy wilderness of Southwest Texas.

During the Civil War, these camels were used to carry cotton to Brownsville to run the Union blockade off the Gulf Coast and the camels brought back supplies. They frightened horses—so Brownsville passed an ordinance against camels on Main Street.

He spent his health to get his wealth.

And then, with might and main, He turned around and spent his wealth

To get his health again.

CROSSED WIRES

Brown smothered his wrath and entered the front room.

"Are you the electrician?" he asked a man who was tinkering with a lot of wires.

"Yes, sir," was the reply.

"Been long in the trade?"

"About a year."

"Ever make mistakes?"

"No."

"Well, it's all right, I suppose, but the electric stove is playing 'Love Me' and the radio cabinet is burning to a cinder."

BOTH SATISFIED

"But dear," gushed the flapper, "is it fair to go to the picture show with a boy you dislike?"

"Well, it's like this," replied her friend. "I enjoy the picture and he enjoys my company."

Mother: "When he's in school."

WTexans Prep For 11 Concerts

The West Texas State College band will leave on a 757 mile concert trip Monday February 27.

The band will play three concerts daily except the final day when they will play only two. The first day they will play a morning concert in the Tahoka High School auditorium, an afternoon concert in Brownfield, and an evening program will be presented in Levelland. The band will spend the night in Levelland and will continue their engagements the next day.

Tuesday they will make the same three concerts except in White Face, Littlefield, and Muleshoe, in that order. Tuesday night they will return to Canyon.

Wednesday, the band will begin in McLean, hit Canadian and finish the day's playing at Perryton, where they will spend the night as guests of the Perryton High School band.

Thursday, the final day, they will appear in Dumas and Borger, in that order, and return to Canyon.

Soloists for the band will be Jeanne Way, Memphis, trombonist, Clair Mollenhoff, Waverly, Iowa, cornetist, Bonnie Gathright, Borger, drummer, and Beverly Edwards, Borger, saxophonist.

All appearances will be in the High School auditoriums of the respective towns and the band will be guest of the different bands.

A QUICK THINKER

Mrs. Briggs said the new boarder at breakfast, "Who owns those ferryboats I tripped over coming down the stairs just now?"

The landlady shot him a fierce look.

"Ferryboats, indeed," she cried.

"I'll have you understand they're my shoes."

The boarder smiled uneasily.

"I didn't say ferryboats," he hastily replied, "I said fairy boots."

Production of steel in France more than enough for needs.

French say they do not seek to own mines, want interim pact.

EPR lands cut imports quotas 50 per cent, Council group reports.

GETTING HIS REWARD

"Do you know," said the little man, that your great big hulking brute of a bulldog killed my wife's dear little unoffending pet poodle."

"And what about it?" asked the big man defiantly.

"Well," said the little man, looking around carefully to see that nobody was spying, "would you be offended if I gave you a new collar for your dog?"

FIFTY-FIFTY

"Do you ever have to hurry to catch your morning train, Mr. Bal-lantyne?"

"Well, it's fairly even, you know. Either I'm standing on the platform when the train puffs in, or I puff in while the train stands on the platform."

MARY E. HUDSPETH CLASS HAS SWEETHEART BANQUET

The Mary E. Hudspeth Class of the First Baptist Church honored their husbands with a "Sweetheart Banquet" at the church last Friday evening.

The tables were beautifully decorated in the Valentine motif by Mrs. W. R. Crow.

Mrs. R. A. Hodges, president of the class, acted as toast mistress. Dr. Roy L. Johnson gave the invocation after which Mrs. Earl J. Davis, teacher of the class, welcomed the guests.

Virginia Holt, Ann Holt and Patsy Vandergriff, accompanied at the piano by Mrs. George Blackwell, entertained with several vocal numbers.

Rev. Leon Hill, pastor of the San Jacinto Baptist Church of Amarillo, gave an entertaining as well as inspirational talk.

Those attending were: Dr. and Mrs. Lee Johnson, Mr. and Mrs. John Hammond, Mr. and Mrs. Albert Byars, Mr. and Mrs. H. C. Long, Mr. and Mrs. T. H. Knighton, Dr. and Mrs. Roy L. Johnson, Mr. and Mrs. H. P. Curtis, Mr. and Mrs. Jay Pritchard, Mr. and Mrs. Lorenzo Wirt.

Mr. and Mrs. T. H. Brasher, Mr. and Mrs. Burney Slack, Mr. and Mrs. Crannell Tolliver, Mr. and Mrs. T. S. Stevenson, Mr. and Mrs. C. O. Elkins, Mr. and Mrs. John Jennings, Mr. and Mrs. R. A. Hodges, Mr. and Mrs. A. B. Holt, Mr. and Mrs. A. K. Goodman, Mr. and Mrs. John Jennings, Mr. and Mrs. W. H. Harden, Mr. and Mrs. Dan Usery, Mr. and Mrs. W. B. Colwell, Mrs. Earl J. Davis, Mrs. Carl V. Wimberly, Mrs. Frank Hicks, Mrs. C. E. King, Mrs. H. Harden, Mrs. Florence Stephenson, Mrs. Carl Hair, Mrs. Ed Weeks, Mrs. T. E. Beard, Mrs. Walter Graham, Mrs. George Blackwell, Virginia Holt, Ann Holt, Patsy Vandergriff.

CENTRAL H. D. C. MEETS WITH MRS. MAE JOHNSON FRIDAY

The Central Home Demonstration Club met in the home of Mrs. Mae Johnson Friday, February 10.

Mrs. W. L. Rice presided over the business session. A true and false game, "Dime Knowledge" was conducted by Mrs. Frank Phillips. Mrs. Otto White gave an interesting Council report. Mrs. Fred Marshall, T. H. D. A. reporter, said plans are being made for scholarships in 4-H work this year.

Mrs. Hugh Greiner was elected delegate to Council, as a nominee for a delegate to the District Meeting in Borger, April 27. Miss Loula Grace Erdman will give a book review in the Baptist Church basement, February 22.

Mrs. J. M. Breittling had charge of the following program: "Know Your Evergreens" by Mrs. Levi Cole, "Evergreen Ground Covers for Winter" by Mrs. S. L. Terry, "Straightening Evergreens" by Mrs. R. H. Long.

Delicious refreshments of jello salad topped with whipped cream, angel food cake and iced punch were served to the following members: Mrs. Phillips, Mrs. White, Mrs. Marshall, Mrs. George Barker, Mrs. Terry, Mrs. R. E. Foster, Mrs. Greiner, Mrs. Maude Walters, Mrs. Rice, Mrs. P. L. Pitt, Mrs. H. E. Hines, Mrs. Cole, Mrs. Breittling, Mrs. Long, Mrs. S. R. Hood and the hostess.

LITERATURE IS MODERN TOPIC FOR SUE HITE CLUB STUDY

Mrs. Frank Barnhill directed a delightful program on Parker, Coffin and Sidwell at the meeting of the Sue Hite Club Monday afternoon in the Thompson Club room.

Reports on the successful game night sponsored by the Club to benefit Randall County Library indicated that there would be \$85.00 net proceeds from the evening.

The club extends thanks to everyone who in any way participated in this endeavor.

Those present for the regular meeting were Mrs. Barnhill, Mrs. Frank Begert, Mrs. Hatcher Brown, Mrs. Levi Cole, Mrs. Herschell Coffey, Mrs. W. F. Haggard, Mrs. C. B. McClure, Mrs. Jerry Newman, Mrs. Borden Price, Mrs. Burney Slack, Mrs. Jack Walker, Mrs. R. D. Wheelock, Mrs. W. R. Wilson, Mrs. Charles Wright.

MRS. C. T. THOMPSON HONORS MRS. CLIFF MILNER TUESDAY

Mrs. Cliff Milner, daughter of Mr. and Mrs. M. Elson of Amarillo, was honored with a coffee at the home of Mrs. C. T. Thompson last Tuesday morning.

Mrs. Elson presided at the beautifully appointed serving table that was centered with an attractive arrangement of pink snapdragons.

Invited guests included Mrs. M. D. Shepherd, Mrs. A. G. Kelsbach, Mrs. Charles E. Wright, Mrs. S. P. Burgess, Mrs. Bernard Warren, Mrs. Meredith Warren, Mrs. Robert P. Jarrett, Mrs. C. R. Nester, Mrs. W. E. Miller, Mrs. W. J. Wooten, Jr., Mrs. Hatcher Brown, Mrs. Wm. A. Moore, Mrs. J. D. Barker, Mrs. H. R. Fulton, Jr., Mrs. Louis Hinders, Mrs. Arthur C. Haley, Jr., Mrs. F. W. Longbine, Mrs. C. C. Held, Mrs. R. A. Neblett, Mrs. Jesse Raser, Mrs. K. E. Frieze, Mrs. George Nance, Mrs. R. E. Baker, Mrs. Wm. R. Wilson, Mrs. Herschel Coffee, Mrs. W. C. Black, Mrs. Ray Campbell and Mrs. Jack Walker.

Mr. and Mrs. Herbert Slack and James of Tucumcari visited last Tuesday and Wednesday in the home of his parents, Mr. and Mrs. T. V. Slack. They attended the Tucumcari-Amarillo ball game in Amarillo Tuesday evening.

BERNARD WARRENS HOSTS TO DEUCE BRIDGE CLUB

On Thursday evening Mr. and Mrs. Bernard Warren were hosts to members and guests of the Deuce Bridge Club.

The Valentine motif was carried out in decorations, favors and refreshments. Heart shaped arrangements of red carnations were placed in attractive groupings of other carnations to make beautiful decorations for the charming home of the hosts.

Carnation favors were on the refreshment plates of chicken salad, cheese sticks, olives, heart shaped cakes and coffee.

Mrs. Arthur C. Haley won high score; W. W. Sternberg, low; and Dr. W. J. Wooten, Jr., traveling. Prizes were Valentine candies.

Those attending were Mr. and Mrs. Louis Hinders, guests and Mr. and Mrs. Bob Bellah, Mr. and Mrs. Arthur C. Haley, Jr. Mr. and Mrs. Tommie Lair, Mr. and Mrs. Clark Jarnagin, Mr. and Mrs. W. W. Sternberg, Mr. and Mrs. Jack Taylor, Mr. and Mrs. Murphy White, Mr. and Mrs. Chris Wooten, Dr. and Mrs. W. J. Wooten, Jr., members.

PRESBYTERIAN MEMBERSHIP HONOR BOLLMAN FAMILY

On Friday evening the membership of the Presbyterian Church of Canyon met at Fellowship Hall from 7:00 until 9:00 o'clock to honor Rev. and Mrs. B. E. Bollman and family with a farewell party.

The program consisted of two numbers by the choir; a violin solo by Mrs. W. R. Wilson; a whistled number by Mr. W. R. Wilson, accompanied by Mrs. Wilson; a piano solo by Sarah Jan Martin. Mrs. A. B. Haynes, Sr., president of the Women's Church Council, presented the family with a table model radio as a gift from the women of the church; J. D. Barker presented a gift of cash from the men; Miss Elaine Cundiff presented a photograph album to Jay from the Junior High Fellowship Class; and the younger people's class presented Lynn with a copy of "Charles Goodnight" by J. Evetts Haley.

After the presentations the hospitality committee served cookies and punch from a beautifully decorated table centered with red carnations flanked with candles. All the appointments were crystal.

MRS. M. ABBOTT IS HOSTESS TO PLEASANTVIEW H. D. C.

Mrs. Morris Abbott entertained the Pleasantview Home Demonstration Club in her home Thursday afternoon.

After reports given by the committee chairman, Mrs. Earl Burtz gave the Council report.

Mrs. Joe Carver was nominated as a delegate to go to Council as candidate for one of three who will be selected to go to the District Meet in Borger in April to represent Randall county.

Miss Patterson gave a very interesting program on "Farmstead Arrangement."

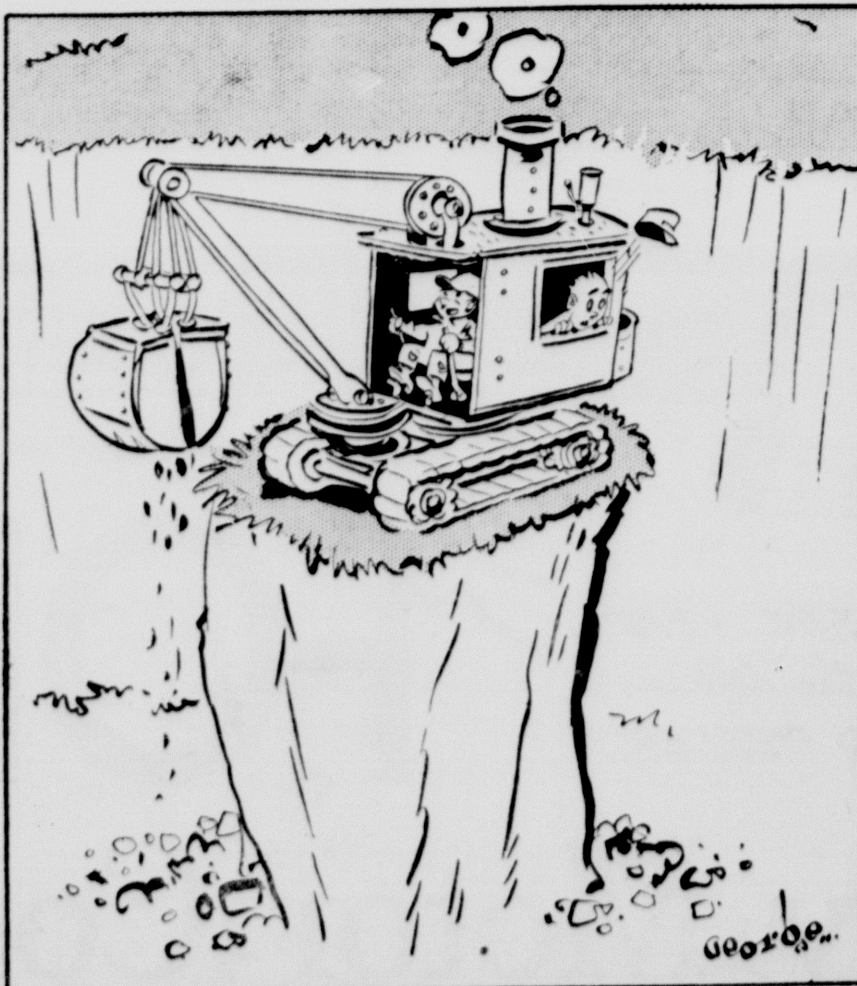

Refreshments of orange pudding topped with whipped cream, nuts, valentine hearts and coffee were served to Mrs. J. H. Barrett, Mrs. Earl Burtz, Mrs. Joe Carver, Mrs. A. B. Haynes, Jr., Mrs. Albert Meyer, Mrs. Henry Meyer, Mrs. W. T. Reynolds, Mrs. R. A. Hodges, Mrs. E. L. Cranmer, Mrs. John Jennings, members; visitors, Mrs. J. W. Spencer, Mrs. G. M. Abbott, Mrs. D. A. Pritchard, Miss Patterson, and the hostess.

Mrs. Inez Carter from Pampa accompanied by a friend from there visited last week end in the home of Mr. and Mrs. G. B. Combs.

Diamonds, sapphires, emeralds, rubies and opals are the five recognized precious stones.

William Ward Ayer, Baptist preacher: "Many fly-by-nights are getting into the pulpit today."

"Boy! You'd a died laughing at my wife! Last week she painted herself into a corner of the bathroom and couldn't get out!"

BIRTHDAY HONORED

Guests in the D. R. Weaver home Sunday were Mr. and Mrs. Ira Scott, Jo Eddy, Kay Lynn, Betty Mae and Baby Jan Leslie, and Mr. and Mrs. V. E. Dodson, all of Hereford; Mr. and Mrs. H. V. Lee, Amarillo; Mrs. I. W. Scott, Mrs. J. W. Hood, Mike and Helen; Mrs. Elsie Money, the hosts and hostesses, Mr. and Mrs. D. R. Weaver, Willie Mac and Vicki. The occasion was Mr. Weaver's and Mrs. Money's birthdays. Guests were served turkey with all the trimmings and birthday cake.

DR. ONAH JACKS GIVES INTERESTING PROGRAM

The Study Group of the Parent Teachers Association met last Thursday at the Canyon High School.

Dr. Onah Jacks brought a very interesting discussion on the subject of "Family Relations." Dr. Jacks teaches a West Texas High School Class on the subject of "Home and Family Life" and she brought an interesting description of that class, stressing the fact that the class has a broad coverage which lends itself to the development of all phases of family life and how the individual at all ages has responsibility in regard to the family.

The next meeting of the Study Group will be held on Thursday, February 23. Next week's News will carry more detailed information on that meeting.

MRS. R. A. HODGES HOSTESS SCHWEINSBERG CIRCLE

Mrs. R. A. Hodges was hostess Tuesday afternoon, February 14, to members of the Dorothy Schweinsberg Circle of the First Baptist Church.

Business was discussed under the direction of the chairman. A devotional was given by Mrs. Hodges from the 10th chapter of St. John. Mrs. Combs talked on "Cuban Missions Reach All Classes." Mrs. W. I. Wester discussed "A Letter from Greece."

Attending were Mrs. Lon Fanning, Mrs. A. B. Russell, Mrs. Wester, Mrs. J. T. Carritte, Mrs. G. B. Combs, Mrs. Mary Burtz, Mrs. J. M. Breittling, Mrs. Gladys Colwell, Mrs. H. F. Curtis, the hostess and Mrs. W. R. Crow, a guest.

1930 BRIDGE CLUB MEETS IN WALLACE R. CLARK HOME

On Friday afternoon Mrs. Wallace R. Clark was hostess to members and guests of the 1930 Bridge Club. Carnation corsage favors carried the tally cards.

At the conclusion of the games the hostess served an attractive dessert and salad plate with red punch. Refreshments carried out the Valentine motif.

Members present were Mrs. C. R. Burrow, Mrs. T. B. McCarter, Mrs. R. A. Terrill, Mrs. P. E. Savage, Mrs. R. P. Jarrett, Mrs. John S. Humphreys, Mrs. Clyde W. Warwick, Mrs. Frank Kimbrough. Guests were Mrs. J. W. Kleinschmidt, Mrs. James P. Cornette, Mrs. Frank Barnhill, Mrs. R. A. Neblett.

MAKING COPPER PICTURES RALPH H. D. C. TOPIC

Ralph Home Demonstration Club met Wednesday, February 8, with Mrs. Lonnie Byars with eight members and one visitor present.

Mrs. Terry gave a very interesting demonstration on making copper pictures.

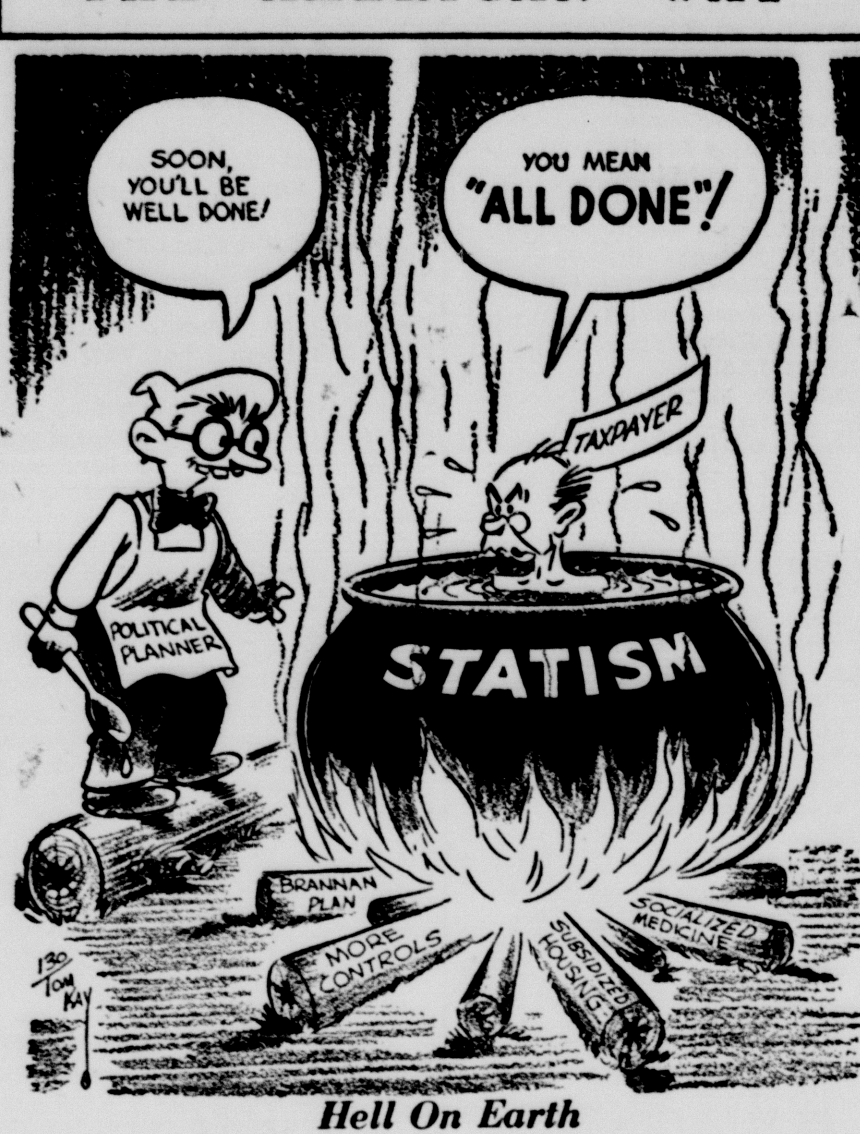

The January 25th meeting was with Mrs. Harold Byars with ten members present.

February 22 meeting is planned to meet with Mrs. Joe Cox.

It were not best that we should all think alike; it is difference of opinion that makes horse-races.—S. L. Clemens (Mark Twain).

Hob-nobbing actually means touching glasses together when drinking.

If all men defined "honorable" and "wise" alike there would be no debate on earth.—Euripides.

THE AMERICAN WAY**Hell On Earth****Highland News**

This weather certainly is unpredictable. It is pretty one day and bad the next. We are all proud of this moisture even if we are having this cold weather.

Mrs. Sam McCraw visited her daughter, Mrs. H. O. Crist, in an Amarillo hospital Saturday.

Rev. and Mrs. White and Jane went to Madril, Okla., Thursday to attend the funeral of Mrs. White's niece.

Mr. and Mrs. L. F. Tapscott visited the G. B. Foggas at Bushland on Sunday.

Mr. and Mrs. Lonnie Evans and Carmaleta, Mr. and Mrs. Spencer McCartie and Ronnie visited in the Winston Evans home Sunday.

Mrs. Ross Grantham and Mrs. Frances Mitchell visited the A. M. Atchley's Sunday.

Mrs. McCraw visited Mrs. L. Mason Thursday evening.

Mr. and Mrs. A. M. Atchley and family took a trip over the weekend. They visited the Turner McDades in Lamar, Colorado and Mrs. Atchley's sister and family, the A. W. Housley's in Lakin, Kansas.

Mr. and Mrs. Roy Lee Jones and Randy visited in Amarillo Sunday.

The Farm Bureau met Friday night at the Highland School. New officers were elected. Roy Lee Jones elected president. Howard Fuqua was past president and he did a very fine job. After the business meeting progressive "42" was played.

Mr. and Mrs. Winston Evans visited with Mr. and Mrs. E. R. Cox Tuesday evening.

Mr. and Mrs. Guthrie spent the evening with the A. M. Atchleys.

The Highland H. D. Club met with Mrs. Guy Tandy Tuesday. Mrs. L. F. Tapscott is taking orders for rose bushes that are to be ordered through the club.

Mr. and Mrs. Tommie Service visited over the weekend with his parents, Mr. and Mrs. Ross Service.

Mr. Ross Service has been ill with the flu.

Mr. and Mrs. O. M. Scott with Mr. and Mrs. Roy Leavitt of Dalhart returned Tuesday from a trip to Dallas, Houston and Medicine Park, Oklahoma.

Mr. and Mrs. E. B. Shaver spent the weekend visiting with their daughters, Miss Mayme Shaver, and Mrs. Tommie Lair and family.

Mr. and Mrs. Alfred Bellah left Friday for Laredo and other points in South Texas for a vacation.

Marion K. Snowden To Demonstrate Piano Instruction

Marion Keighley Snowden, eminent British pianist, will demonstrate the Tobias Matthey method of working with beginning piano students, using children, in four lectures on Thursday and Friday, February 16 and 17, in Room 1 at the Canyon Public School.

On Thursday at 11:00 a. m. she will give an introduction to Matthey's "First Lights on Piano Playing," emphasis on "touch and listening" from the very first lesson. The 1:00 o'clock demonstration on Thursday will have to do with interpretation of simple first and second grade pieces and introduction to rotary motion.

Friday at 11:00 a. m. the topic will be interpretation of very easy classics. At 1:00 o'clock, simple Sonato form and presentation of the Beethoven Sonatina in F. minor will occupy the hour.

Miss Snowden studied with Mr. Matthey for some years and later taught with him in his school in London. She is highly qualified to demonstrate the method which has influenced piano playing all over the world and which produced Myra Hess, the greatest woman pianist in the world.

Admission to the lectures is \$1.00 per lecture.

Miss Snowden will return to Canyon in March and April to conduct a similar demonstration for high school students which will be opened to the public. In addition she will teach a Master class of advanced college students which Miss Pauline Brigham, head of the piano department at W. T. S. has arranged.

Miss Snowden comes to Canyon from a recent concert trip which included a performance in Nashville, Tennessee, as the second artist to appear in the new municipal auditorium.

Mrs. H. L. Hindman of Austin is visiting in the home of her sister, Mrs. E. M. Turner and family.

Wispy Fleece, Seen on Rivers, Really Is Steam

MILWAUKEE, WIS.—That Wispy fleece seen on rivers and which looks like real steam—is real steam, according to a physics teacher.

Mothers who tell their children, when asked, that what they see is not steam, are all wrong, according to this teacher.

There's an explanation for this phenomenon says Manfred Olson, head of the physics department at Milwaukee State Teachers college. In fact, there are two of them—one for any body of water that steams in cold weather, and a special, additional one for the Milwaukee river.

"It's simply because cold air can't hold as much water as warm air," Olson says. "So the water that evaporates from the river condenses in tiny droplets on specks of dust in the air. That's the steam you see coming off the river."

Just how much water vapor can be carried in the air at certain temperatures is shown in a chart called the vapor pressure table. At 32 degrees, which is freezing temperature, water vapor pressure does not quite reach a pound per square inch.

Pressure Goes Up

At 212 degrees, which is the boiling point of water, the pressure goes up to 15 pounds per square inch. At zero temperature, the air can hold only one-sixth the amount of water it holds at 32 degrees.

When a body of still water, such as a pond, starts freezing, here's what happens.

The top layer of water gets cold first. But as water gets colder, it also gets heavier, up to a certain point. That point is 39.2 degrees. When the top layer of water reaches that temperature, it sinks to the bottom of the pond and the next highest layer goes to the top. That, too, reaches 39.2 degrees eventually and sinks.

When the whole pond reaches 39.2 degrees, the top layer then freezes up. The top layer of water stays on top because water gets lighter as its temperature goes down below 39.2 degrees. And that's why water freezes from the top down instead of the bottom up.

Special Reason

Now, the special reason for steam on the Milwaukee river. It is the relatively hot water that pours into the river from the Commerce St. plant of the electric company.

According to company engineers, the plant takes in an average of 100,000 gallons of water from the river every minute of the day. This water is used to condense steam in the power plant, and then is discharged back into the river through a conduit about nine feet in diameter. The used water temperature is about 60 degrees, which is at least 20 degrees higher than the regular river water temperature.

Girl Scout Says Training Saved Her in Lost Ordeal

LONGVIEW, WASH.—A lost Girl Scout, who had waited patiently in a wilderness cabin four chilly nights for her rescue, was finally found alive and well.

A physician said 16-year-old Ruth Aberle of nearby Kelso was not in any danger from her ordeal.

Ruth, herself, credited her Girl Scout training with keeping her alive until she was found. She remembered the coaching given Girl Scouts on what to do when lost—"find a sheltered place and wait for rescue."

She found an old 12 by 12 foot cabin, made herself a windbreak out of an old door, and just stayed there. She went only far enough away each day to drink creek water and see if anyone was around. The four days of hunger seemed to have done little harm to the brown eyed girl. The Cowlitz general hospital here, where she was rushed for observation, said her condition was very good.

"I'm all right, mother," Ruth comforted as Mrs. William Aberle, tears streaming, leaned over the girl. "I'm all right; I'm happy now."

A Rose valley rancher, Charles F. Smith, came across the girl above Goble creek in the afternoon as she went down for a drink of water.

Man Is Starving Slowly As Hiccups Unchecked

GLENDAL, CALIF. — Jack O'Leary, 24, hiccupping for the past 18 months, is slowly starving to death.

"It seems to be a race between starvation and the hiccups," said his mother, Mrs. Margaret O'Leary. "We're praying and hoping that something can be done, that somehow we can save Jack."

Jack's weight dropped from 120 pounds to 80 since he first started hiccupping after he suffered a burst appendix and peritonitis. Doctors said then that the infection affected nerves and muscles controlling his diaphragm, bringing on the hiccups.

His stomach retains food only for five minutes.

Death rate in 1948 fell to 9.9 per 1,000, a new low.

March of Dimes Total for 1950 Is \$1,963,97

Bringing to a close the 1950 March of Dimes Campaign, Mrs. C. O. Elkins, Randall County Chairman reports a total of \$1,963.97 for Randall county, which is over and above the goal set for this county. Mrs. Elkins is extremely pleased with the interest and co-operation which the people of Randall county have shown this year in helping to continue the all important work of the National Foundation for Infantile Paralysis. She also wishes to thank each citizen for his contribution and extends a special "thank you" to all those who helped with the 1950 campaign.

Half the money collected in Randall county will go to the National Foundation for use in research work and half of the amount will remain in the county to be used when the need arises for polio patients. Any family who has one of its members stricken with polio may get complete or partial help from this fund, however great the need may be. All that is necessary is to inform Dr. Robert P. Jarrett county chairman, of the particular need.

\$763.62 was contributed through the jars placed in the business houses and through individual contributions to Mrs. Elkins. The remaining \$1,200.35 was collected thru the Home Demonstration Clubs and other clubs and the outlying communities in the county.

This list includes:

Total	\$1,200.35

Others who helped with the campaign were Mrs. Berl Mayfield, Mrs. L. L. Byars, Mrs. Fred Jennings, Jr., Mrs. Burney Slack and Mrs. W. B. Colwell.

ATTEND FUNERAL AT LUBBOCK

Mr. and Mrs. Charley Upfold attended the funeral of her aunt, Mrs. W. M. Whitfield at Lubbock Sunday. Mrs. Whitfield had been in ill health for several years.

Mrs. Art Roberts, Mr. and Mrs. E. C. Penick and Mr. and Mrs. W. E. Roberts visited in Dallas, Ft. Worth, Arlington and Terrell last week. They visited Tom Wiggins, John Wiggins and Mrs. R. E. Harper, brothers and sister of Mrs. Penick in Ft. Worth and Arlington and with B. H. and L. M. Roberts in Dallas and John Roberts in Terrell, all sons of Mr. and Mrs. Roberts.

Mrs. Cecil Hagood of Floydada, Mrs. Vester Hill of Spearman, Mrs. Martin Phillips of Edmonson and Mrs. Clyde Davis left Wednesday for Phoenix, Arizona, to visit in the home of their brother, Worth Jennings and family. Mrs. Worth Jennings, Sr., who has been with her son, will return with her daughters in about a week.

Mr. and Mrs. Douglas C. Myers and children and Mrs. Mrs. Bud Myers and son of Lubbock, Mr. and Mrs. Bob Chamber and Mr. and Mrs. R. E. Chambers of Amarillo were Sunday guests of Mrs. W. S. Myers. They all attended the Hardware Convention in Amarillo Monday and Tuesday.

Misses Suzanne Stephenson, Janie Forrester, Murrell Bullard, Dona Erwin, and Mary Ruth Hill attended the Tri-State Hardware and Implement Association in Amarillo on Sunday, Monday and Tuesday. They were assistants to M. D. Shepherd, secretary of the association.

Mr. and Mrs. Mack L. Powell and baby and Mrs. O. H. Jackson visited last week in Houston with Mrs. Jackson's son, O. H. Jackson, Jr., and family and with Mrs. Jackson's sister, Mrs. R. N. Winship.

Leroy Price and daughter, Judy, of Hereford, spent Sunday with their parents and grandparents, Mr. and Mrs. Roy Price.

Mr. and Mrs. L. E. White of New York visited in the O. W. Parker home last week.

American President Lines to build four new vessels.

J. Evetts Haley returned Saturday from New York where he accompanied the group from Hereford who assisted in opening the Hereford House. Mr. Haley spoke at the banquet given at the opening, and was presented on a number of radio shows.

Mr. and Mrs. Clarence Eugene Thompson spent most of last week

in Oklahoma City attending a convention of Hardware and Implement dealers.

Mr. and Mrs. Loyd Winthrow and son, Larry, with Mr. and Mrs. H. E. Winthrow of Blue Ridge, Texas, visited over the weekend in the F. M. Hacker home.

Mr. and Mrs. R. E. Wester of

Amarillo with Mrs. W. I. Wester of Canyon attended the funeral of F. S. Crowder in Vernon and the burial in Kirkland last Thursday.

Mr. and Mrs. A. B. Duncan, III, of Dallas spent the weekend in the home of his parents, Mr. and Mrs. A. B. Duncan, and his aunt, Miss Johnnie Courtney.

Mr. and Mrs. Ray Metcalf and family returned Saturday from a trip to California. They travelled the coastal drive from San Diego to north of San Francisco and returned via the Grand Canyon.

Mr. and Mrs. Leo Scott spent Saturday night in Memphis with Mr. and Mrs. Ira McDaniels. Mrs. McDaniels is a sister of Mr. Scott.

MARRIAGE LICENSE

Billy Steve Weeks to Wanda Claudine Davis, February 8.

Mr. and Mrs. Donnie Avent of Stinnett spent the week end in the parental G. W. Harwood home.

Dutch youngsters put their wooden shoes before the fireplace on Christmas eve.

AND MAMA WAS SO PLEASED

"You must be pretty strong," said Willie, six, to the pretty young widow who had come to call on his mother. "Strong? What makes you think so?"

"Daddy said you can wrap any man in town around your little finger."

Some European countries seem to run their finances on the theory of easy-come, E-C-A.

CORRECTED

The lady who likes children was gushing over Helen, three.

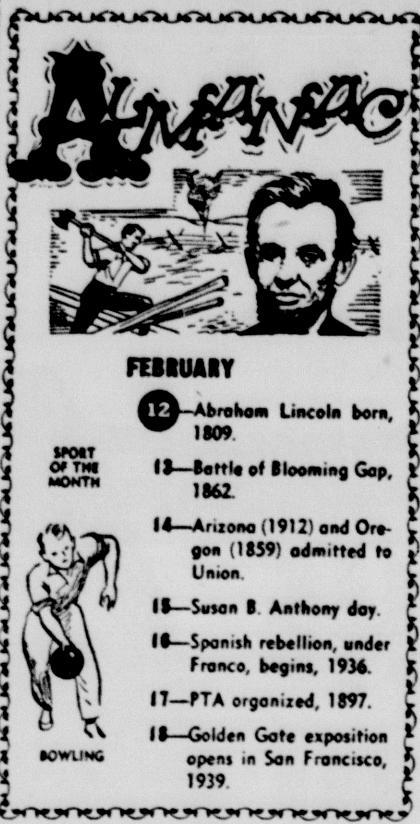

"How old are you, darling?" she asked.

"I isn't old," said Helen. "I'm nearly new."

RELICS

"My father has George Washington's watch."

"That's nothing: my father has Adam's apple."

News In Canyon
25 Years Ago

(Taken from the files of the Randall County News of February 12, 1925)

Harry E. Campfield and Miss Avis Ethel Cawhorn were married. Celebration on the completion of the new depot will be held on February 25.

Frank Hill of Tahoka, nephew of President J. A. Hill, will be editor of a new weekly paper started in Sweetwater.

L. L. Monroe and Carl Laughery have sold the City Market to W. D. Pike.

F. P. Guenther has been granted a year's leave of absence from the Modern Language Department of college, and will go to Kingsville to assist President R. B. Cousins. His work will be taken over here by T. M. Clark.

A contract has been let for the construction of a new power house for the Texas Utilities Co.

Seven WTexans
To Denver Meet

Two West Texas State speech teachers, Jack Walker and Crannell Tolliver, and five students will attend the Rocky Mountain Speech Conference, next Thursday through Saturday.

The conference will be held in Denver under the auspices of Denver University.

The five students attending will be Claude Fuller, Amarillo, Jim Bill Caldwell, Miami, Joe Bailey, Amarillo, Dan Johnson, Canyon, and one other will be chosen.

Famous Dummy Has More Thrills Than Stunt Men

ALEXANDRIA, VA.—His face is dark, misshapen. His hair, black and matted, clings in sparse clumps to his head. His one hand has no fingers and his eyes stare with a blankness that's disconcerting.

His place of abode is high in the windswept cupola of an Alexandria apartment building, where he hangs from a piece of rusty wire, gazing blankly across the city.

But don't waste any pity on him. He's a dummy, but probably the most famous dummy in the history of this city and near-by Washington.

His years have been filled with more thrills than those of a score of movie stunt men. He's been thrown from a racing car, hanged by his neck twice from Washington bridges, belabored by firemen who thought he was a drunken arsonist, and has scared more people than one could count.

Plagued By Jokers

His permanent address is atop the Belle Haven apartments, where he has lived—except for minor interruptions caused by local jokers and newspapermen—since 1907.

He was put together as a fisherman in an exhibit in the Jamestown (Va.) fair that year and after the exposition the government stored him in the building.

The dummy was discovered by employees of a spark plug factory, then occupying the building, in 1914. Wiseacres set him up in a third floor window to act as night watchman.

His latest, and last, piece of haberdashery, according to John Loughran, owner of the building, was presented to him by the local police. It's a cop's blouse, complete with buttons and traffic insignia.

Seems the police had an objectionable citizen in one of their cells one night and scared the daylight out of him by placing the dummy, dressed as a policeman, in the cell. The citizen, it is said, has been an exemplary one since.

Foiled Husband

People fainted along Washington's main street when a pair of fortified newspaper reporters tossed the dummy into the gutter and sped away screaming at the top of their lungs.

Police were called to cut down (guess who) from under Taft bridge. Again the dummy was pronounced a suicide when he was found dangling by the neck from a girder beneath Memorial bridge.

Once a wag placed the dummy at the table of a lovely Washington lady who was waiting for her ever loving and jealous husband on the terrace of a fashionable hotel.

Hubby saw the pair and promptly shot the dummy through the heart. No one was arrested.

By now the police are used to the dummy's habit of turning up in unusual places. But they've grown quite fond of him and promptly return him to his hook when they find he has strayed.

Electron Microscope Eyes Clues to Causes of Cancer

SAN FRANCISCO — An instrument that magnifies hundreds of times more than ordinary microscopes is providing a new clue to the cause of cancer.

This revelation was made recently by Dr. Stafford Warren, head of the medical school of the University of California. He said electron microscope pictures were revealing how cancers are born and grow.

Dr. Warren, former chief of radiological safety for atomic-bomb projects, said the pictures showed for the first time that certain cancer cells had embryonic arms which apparently enabled them to dig through the walls of blood vessels. Normal tissue cells could not do that since they were too big to pass through the capillaries and were dissolved by the blood stream, he added.

This digging ability might be the main cause of malignancy, Dr. Warren told a divisional meeting of the American Cancer Society.

The pictures have been taken in several laboratories, but since the findings have not been published in scientific journals, names of the researchers were withheld. He said they were not members of the California school.

Man Works 41 Years at Job With Only One Day Taken Off

NEW YORK. — Clockwatchers might get a stiff moral lesson from Carl Graulein.

Graulein, foreman at a brick factory, is 68. He has been on the job 41 years. And, until recently, he had never taken a day off, putting in seven days each week, year after year.

He liked his job so much, he says, that he took a half-day off in 1915 when he married and another half-day in 1945 when his wife died.

"My fun is work," he explained. It kept me busy and out of trouble."

His occasion for taking off was a two-week vacation in Germany, where he went by plane.

"El" in Hebrew means such as Elisha, means God.

The Answers

1. Napoleon—Bonaparte was his last name.
2. Lord Philip Chesterfield.

5. In South Africa
6. India.
7. Lisbon.
8. Chess.
9. A person, bird, animal or plant abnormally white in color.

Boss to secretary: "Make about 20 copies of that Miss Ross, so we'll run across one when we need it."

Oklahoma is the only state whose capital, Oklahoma City, bears the state name.

NO FACT FABLE

Once upon a time a vitamin-devouring vegetarian named William Narrator, a descendant of apple-arrowing William Tell, decided to have Swiss chard for dinner, so he went into his Alpine garden and picked a panful. But, when he couldn't get his kitchen stove hot enough to boil the stuff, he yodeled in anger, grabbed up a can of kerosene and dumped it—splash!—in the firebox.

A deafening explosion echoed over the Alps. And when neighbors arrived at the smoking chalet, they found no Swiss chard; but they did find a charred Swiss.

Arabia is sometimes referred to as Araby.

Mount Etna is located in Sicily.

Oklahoma Pastor Will Speak To Baptist Men

Dr. Herschel H. Hobb, pastor of First Baptist Church, Oklahoma City, will be guest speaker to a meeting of Baptist men from 22 counties at Lubbock First Baptist Church auditorium, Tuesday, Feb. 21, at 7:30. Attendance of 2,000 is expected, according to report of Judson Burnett of Levelland, District Baptist Brotherhood president.

Special Service For Troop 66 at Episcopal Church

Troop 66 of the Boy Scouts of America, sponsored by All Saints Episcopal Church, attended a special church service held for them at All Saints' Church on last Sunday afternoon. The service was held in commemoration of Boy Scout Week.

Rev. Henry Seaman, rector held the special service at 3:30 o'clock Sunday afternoon. Approximately twenty scouts attended with their scoutmaster, R. E. Harrison.

Women were not allowed to appear on the stage in Shakespeare's time.

Hoover Plan For Government Talked at Rotary Luncheon

Eugene Finney of the Junior Chamber of Commerce of Amarillo was presented to the Rotary Club Tuesday at luncheon to discuss the Hoover Plan and Government Economy. He was brought to the program by Arch Hunsley, who is a frequent visitor to the club.

Throughout his talk Mr. Finney stressed the fact that "This is your government, and your money which is being spent."

The Hoover commission was appointed for the sole purpose of trying to eliminate government waste, without impairing the usefulness of government.

The commission was authorized by Congress. It is composed of six Republicans and six Democrats, with the only living ex-president selected as its chairman.

"The federal government was never organized," stated the speaker. Various functions of government were set up for specific purposes and have been continued by practice. Congress has so far adopted all but one of the recommendations made by the Hoover Commission as the law makers have gotten around to the job.

The commission points out overlapping, inefficiency, duplication and extravagance in the government. While the President is supposed to be head of this vast government, no one man could look after every detail of the 65 departments of the government.

The commission recommends that Civil Service be abolished. It takes seven months to fire an inefficient employee. Promotions come, not because of efficiency, but because of seniority.

At the present time 26 1/4% of the nation's income goes to taxes. When 40% is reached, communism is the next step.

The speaker pointed to scores of examples of waste in government as outlined by the commission. Hidden taxes are the worst form of increasing the cost of living. Britain took the fatal step which we are now following, leading to socialism.

The speaker advised all citizens to get busy and demand from Congress that something be done to stop this national waste of our resources.

Bill Wilson explained that the meat furnished for the dinner was rabbit, furnished by the growers in this vicinity. A. L. Chambers and J. A. Punston, officers of the rabbit organization, were introduced.

Other visitors were: G. L. Mud-dell, B. F. Sheppard, Forrest Barnes, W. H. Torrey, all of Amarillo.

Wide Interest Is Shown in the Wild Life in Texas

A large table stacked high with several thousand pieces of mail provides a daily setting for a new paragraph, sometimes even a page, to the story behind the development and protection of Texas wildlife.

At times, the Game, Fish and Oyster Commission mail detail must feel that all 8,000,000 Texans have something to report, something to request or something just to comment on.

The daily pile of mail, including everything from postal cards to registered parcels, actually provides a moving account of the routine over-all effort to protect and develop the state's precious wildlife resources.

Excitement, tragedy and even dramas are reflected in the sombre stack heaped on the table every weekday morning. In the main, of course, it is the panorama of the various departmental functions: the reports of field men, some grim, some strictly methodical; reports to staff biologists, say on the progress of a new quail restoration project.

The daily mail is weighed heavily with the matter-of-fact records of field men—the wardens reporting on their observations and on the violations, with an occasional spicy bit about an encounter with a predator—man or beast; possibly a new trend in big game development. It is mostly a prosaic procedure but there is stimulation aplenty as the daily mail budget is funneled to the different sections for action.

A Chicago dealer in selling new cars with a pay-as-you-go coin meter attached. If the new owner doesn't insert a quarter about every five miles, the ignition automatically cuts off. It's the biggest thing in the auto sales industry since the self-starter, says the dealer. He may be right. Certainly it's the first self-stopper to be ballyhooed as such.

Women's P. E. Department To Bring World Famous Dancer To Campus

ERIC HAWKINS

Martha Graham, billed as the "Mistress of modern dance" will bring her entire company to West Texas State for one performance, February 27, in the Main Auditorium.

The Women's Physical Education department of the college, has arranged for the celebrated dancer to appear. Accompanying her will be Eric Hawkins, leading male dancer, and a host of other featured soloists.

For the past two seasons, Miss Graham has not included any of her world-famous solos in the tour programs, but has agreed to present one of her best, "Salem Shore," a ballad of a woman's longing for the return of her beloved one from the sea.

Two of the theatre pieces representative of Miss Graham's greatness as a dance dramatist are "Deaths and Entrances" and "The Eye of Anguish." The former is already regarded as a modern classic and the other is based on the original legend of King Lear and is so new that even Broadway has yet to see it.

Students may sign up for tickets in the Dean of Women's office February 20 and 21, but will not be required to pay for them at that time.

Students are urged to do this if they want good seats.

Tickets will go on sale in the main hall of the Ad building the same two days and the booth will be open from 9 until 12 o'clock in the morning and from 1 until 4 o'clock in the afternoon.

Friday and Saturday, February 24 and 25, tickets will be on sale to the public from 9 until 5 o'clock in Warren's downtown Canyon. Prices are \$2.40 for the main section of the downstairs auditorium, \$1.80 for the section under the balcony and the first two rows of the balcony, and \$1.20 for the remainder of the balcony.

There are more well-pleased old women than old men.—Richard Steele.

ECA mission bids Germans reduce food and grain imports.

Accidental Death Toll Exceeds Hiroshima Bomb

Four hundred thousand Americans have been killed by accidents in the United States since the atomic age burst on the world at Hiroshima four years ago—four times as many deaths as the atom bombs caused.

The two bombs dropped on Hiroshima and Nagasaki, which brought World War II to an end in one final convulsion of agony, killed about 110,000 Japanese.

That comparison was made by Ned H. Dearborn, president of the National Safety Council.

The 400,000 Americans have been killed, Dearborn said, "not by the products of genius, but by the old stupidities. Accidents—the banal, needless, profitless, pre-war type of accidents—have killed almost four times as many people in post-war America as the atom bomb killed in Japan."

Dearborn said the accidental death toll in other countries of the world cannot be estimated, but if the world rate is anywhere near the American, about six million human beings have been killed in the four years of the atomic area.

"I am not trying to gloss over the menacing possibilities of atomic warfare," he said. "The efforts being expended to secure the world against a holocaust deserve the best of our understanding and support. But the other disaster—the disaster of accidents—is not a possibility; it is a grim and bloody fact. The millions who have died in the world, the 400,000 who have died in the United States, are no less dead because they died singly or in small groups, scattered in both space and time."

Working Parts of Plumbing Must Render Long Service

Faucets, valves, drains, and traps are the "working parts" of plumbing fixtures and it is important that they be of good quality.

All brass plumbing fittings are in plentiful supply and thus the prospective builder or modernizer is free to select equipment that will give many years of trouble-free service.

While not as glamorous as the plumbing fixtures, traps are essential for the satisfactory and sanitary operation of plumbing fixtures.

It is the function of the trap under the lavatory, bathtub, sink, or other plumbing fixture to provide a water seal to prevent the entry of sewer gas into the home.

It is because of this important function that the trap must be made of non-corrosive material. Despite wartime developments in metallurgy, manufacturers have found no material that is superior to chromium plated brass for all uses where an attractive exterior and a corrosion-resistant material is required.

Water closets or toilets have a brass elbow between the tank and bowl. When this turns green, it is a sign of corrosion. The prudent owner will have the elbow replaced at the first sign of corrosion in order to prevent the possibility of a leak in the future, possibly at some inconvenient or particularly dangerous time, as for instance, when members of the family are away.

4-F's Regain Health

Nearly all of a group of 303 men reclassified in 1A in 1943 after originally having been rejected for military service because of heart and blood vessel defects were in good health in 1947, a study made by special cardiovascular boards in five major cities shows. The study was made under contract to the army research and development board, office of the surgeon general. Reports of the re-examination of men disqualified by local boards and induction stations because of a diagnosis of cardiovascular defects were made public in 1943. The re-examination was made by special medical advisory boards, consisting of cardiovascular experts in Boston, Chicago, New York, Philadelphia, and San Francisco, in cooperation with the state and city directors of Selective Service.

Baltic States Today

The Baltic states are predominantly agricultural and their pre-war economy was based on privately owned smallholdings and farms ranging from about 12 to 120 acres. Contrary to Soviet promises made on the eve of the second occupation the policy of collectivization, which appears to the independent and progressive Baltic farmer only as a revival of feudal bondage in a new form, is now enforced with ruthless determination. A year ago there were in Estonia no more than four collective farms; in the spring of 1948 their number had risen to 59, at the time of harvesting there were 185, and in October last 224.

Fathered Jury System

William the Conqueror fathered the present-day jury system by summoning "twelve lawful men" from each district of England to act as fact finders in determining taxes that each landowner should pay. Two centuries later, says the National Geographic society, trial by jury was adopted when the sworn 12 became, not the witnesses to fact, but the judges of evidence.

Discovery of plentiful arthritis remedy reported in Sweden.

Statistics Show Buffs Accuracy

The accurate basket bombarding of the West Texas State Buffaloes have brought them into the nation's top five teams in field goal percentages, as the hustling hoopsters from Canyon have hit for an amazing average of 42.2%. This average is 1% lower than the nation's leaders, Southwest Missouri State, who have compiled a 44% average.

Also topping the Buffs are Corpus Christi, 42.6%, and Morris Harvey College of West Virginia with 42.5%. The Buffs are fourth, followed closely by Beloit with an average of 41.6%.

Firing from afield 673 times, the Buffs have hit the target on 284 occasions.

Also landing in the Conference statistics was Sammy Malone, who jumped to seventh place among the circuit individual scorers with 77 points in conference competition for an average of 12.8. Bill Allen ranked eleventh with 68 counters and a 11.3 average, and Hubert "Cuby" Kitchens was eighteenth in the league with a 9.3 per game average on 56 total points. The averages covered all games up to February 3.

Kenneth S. Wherry, U. S. Senator from Nebraska: "Everybody knows and believes we are the main target for Communist Russia and it is our public enemy No. 1."

F. Ernest Johnson, college professor: "Religion is bigger than all churches and deeper than the conflicts which it occasions."

If the Sphinx Could Only Answer

Summer Term of WTS Holds Many Features

Registration for one of the most well-rounded summer school sessions in the history of West Texas State will be June 2 and 3 as announced this week by Dr. Walter H. Juniper, dean. Class instruction for the first 6-weeks term will begin Monday, June 5.

Registration for the second 6-weeks term will be Monday, July 17 with class work beginning on the 18th. Graduation exercise have been planned for the night of August 23 in Buffalo Stadium.

The instructional faculty for the stream-lined summer session will consist of 59 expertly trained personnel with programs worked out to offer teachers, business people, and undergraduates the very latest in methods and operational means.

For either summer session, 1950, a person may earn 6 hours of credit. Tuition for either term will be \$20.00 for a resident and \$50.00 for non-residents of the state. Fees will be based upon the session's work and not upon the number of credit hours for which the summer student is enrolled.

Prospective students desiring room accommodations are urged to write at their earliest convenience to either the Dean of Men or to the Dean of Women.

Other than regular instructional courses offered with the latest of methods and equipment being used, the college has planned several other outstanding programs for summer students. Among the most unique is the Week-End Educational Tours to be conducted by Professor Ples Harper of the Modern Languages department. Tours to points in Colorado and New Mexico will be available for interested students.

The Summer Theatre, extremely promising and prominent last summer, will be held again at the Branding Iron Theatre. Some of the most recent Broadway shows are being planned.

A regional Writer's Conference and Workshop is being planned with nation writers and critics slated for appearances here.

Topmost in interest to teachers of

this area will be the special work in the field of education planned by the Education department. One-week conferences, intensive short-courses and the Graduate Conversion Program will be of particular interest.

Special articles will appear during the spring giving detailed information on many of the exceptional summer programs at West Texas State.

No Fiction About the Excess Spending of the National Administration

Will the reader pretend that he has an obscure neighbor by the name of Harry Truman? And will he pretend that Neighbor Truman has decided he must borrow money, a decision which many of us ordinary folks have reached many times in the tempestuous course of life? Neighbor Truman, we're going to pretend, steps into the bank to apply for the loan, and we're going to have the privilege of observing the transaction.

"I want to borrow \$500," says our neighbor. (Now most will anticipate the next few questions, having been through it).

"Do you have any debts at the present time?" the banker inquires. "Yes," says our neighbor. "I owe the bank at this moment about \$25,800."

"What is your annual income, Mr. Truman?"

"I have take-home pay amounting to \$3,750 a year," says he.

"Hmhmhmhm," the banker hmms. He at once is suspicious of the client's ability to pay the old debt without \$500 more added. And aren't his eavesdropping neighbors suspicious, too?

But the banker gives allowance for unforeseen circumstances. So he asks Mr. Truman, "Do you think you will be able to save a large portion of your income this year and each succeeding year to reduce your indebtedness?"

"Oh, no," Neighbor Truman replies to the surprise of the banker, and the neighbors listening in. "My necessary living expenses this year will be \$4,250. I'll be forced to spend more than I earn."

"Pardon me," the startled banker interjects. "Do you mean that, owing already an amount that constitutes seven times what you'll take in during a year, you're going to spend more than you earn?"

"That's right," says neighbor Truman.

"You see I must provide tuition at private schools for my children. I must help a poor relative set up a new business in which he's going to lose money for a long time to come."

"Just what kind of business is that relative going to sink your money in?" the incredulous banker asks.

"Why," says Mr. Truman, "he's got a wonderful humanitarian idea. He's going to sell milk to the Hot-tentots at a price they can afford to pay."

"But just those things won't eat up your whole income this year, will they?"

"No, but that isn't all," says Mr. Truman. "I am building security for my children by putting price supports under them. My boys sell newspapers to the neighbors at a nickel apiece, but I give them an extra nickel. My daughters make lamp shades which sell for \$5, but I don't think that's a fair price, so I give an extra \$2 for each one they sell. Besides my wife wants a television set."

The banker now steps aside to get his breath. Here's a fellow who owes more than he can ever repay if he lives frugally below his income seeking to borrow still more, and at the same time boldly proclaiming his intentions of carrying out fantastic money-spending schemes.

What will the banker do?

Will he lend the new money? It's silly even to ask the question.

This scene is not fiction. It constitutes a faithful reproduction of the program set forth in regal solemnity by President of the United States Harry S. Truman. Multiply all figures by 10 million and you have the Truman budget, his plan of government, the government's income, and the government's debt.

In this case Congress is the banker. If it makes the loan, Borrower Truman's note will have to be signed by the taxpayers, which is to say by all the people. Who, in his right mind, would voluntarily sign the note of such a profligate spender? —Cleveland Plain Dealer.

Public Education On Health Is a Major Need in State

If public health is to continue to health and happiness in 1950, the people of the State need to gain a new knowledge of its significance and to convince their leaders of the importance of the support of the people, said Dr. Geo. W. Cox, State Health Officer.

The State Department of Health is the state agency responsible by law for the health of all the people in Texas. The working out of this responsibility, however, must be a joint affair shared by all the people.

The State Health Officer is the administrative and executive head of the Department. The field activities are organized in 18 different divisions. A division director with specific training and experience in one of the specialized fields of public health as well as in general public health measures directs the activities of each division.

The many problems faced today by every American community and by every school, farm, business and industry are: how to prevent and control illness, malnutrition, and epidemics; how to make the community in which one lives as free as possible from hazards to health.

The world of disease is not divided; it is a common world. Tuberculosis in the United States is not different from tuberculosis in any other country. In terms of human needs, the world is truly one world. Public health and medicine have a tremendous part to play. They possess one of the important keys that unlock the door to future world progress.

No public health program anywhere can be completely successful, however, unless it has the confidence and support of the people who benefit by it. Full support cannot be expected unless the people understand the purposes and the objectives of the program. Your health department is interested in preventing disease and it never interferes with your relations with the doctor of your choice. Dr. Cox pledges the personnel of his department in keeping you well. When you are ill he advises you to consult your family physician.

Local Students in "Our Town" Cast

Bill Hutchinson, graduate assistant in speech at West Texas State College, has announced the cast completion for "Our Town" to be presented on the campus for the first time February 24.

The first performance will be given for representatives to the Plains Personality Pageant to be held on that date. Later performances will be given for the general public.

Chosen to appear in the Thornton Wilder play are Dan O'Connor, faculty member; Jim Short, Amarillo; Jerry Williams, Canyon; Truman Cleveland, San Angelo; Pat Cantrell, Tulla; Lynette Hutchins, Harrold; Wayne Rankin, Plainview; Beth Kimbrough, Canyon; Carl Michell, Canyon; Al Stevens, Canyon; Claude Allen, Dalhart; Helen Jo Wilson, Hereford; Jim Cherry, Slaton and Dorrell Proctor, Clarendon.

Mr. Truman is told that, in an atom bomb throwing contest, Russia might readily hold an edge over U. S. The reason is that industry is highly concentrated in the U. S. and in Western Europe, which U. S. wants to defend, and is vulnerable in the extreme to bomb attack from Russian bases.

Decision to build a hydrogen bomb is the signal that an arms race with Russia is started in earnest. Arms races of the past have ended, eventually, in war.

Potatoes actually are being smuggled into Maine from Canada so that they can be turned over to the U. S. Government to take advantage of the support prices.

Social Benefits Given Blacks, But Still Were Slaves

In a discussion of the welfare state idea, Dean Russell of the Foundation for Economic Education observed, "The advocates of this compulsory 'security' honestly seem to believe that most Americans... are too ignorant, or lazy, or worthless to be trusted with their own destiny; that they will literally starve in the streets unless their welfare is guaranteed by a 'benevolent' government. However good their intentions may be, these disciples of a Relief State are demanding that they be given the power to force mankind to follow their plans. In the name of liberty they advocate bondage!"

The complete welfare state must be a slave state. In the early days of this country, when slavery of the Negro existed, Georgia passed laws that guaranteed to all slaves "the right to food and raiment, to kind attention when sick, to maintenance in old age..." The slaves thus were given "security." But they were slaves nonetheless, subject to the unchallenged orders of their masters.

In modern times, we have seen "security" on a far wider scale. In Russia, for instance, everyone is given a place to live and a certain amount to eat and wear. They are given a minimum of state medical care. They are "guaranteed" employment, and, of course, the state determines where, when and for how long they shall work, and how much they shall be allowed to earn. But the people are slaves, just as the Negroes were in the America of a century ago. They do what they are told, or else.

The welfare state regards everyone as a ward of the government.

There are those in our own government who are now working hard to sow the seeds of the welfare state here through public medicine, housing, banking, power development, farming, etc.

Committee of College Makes First Report Needs of West Texas State

Work on evaluation of West Texas State under the supervision of Committee Thirteen is still progressing. One sub-committee, that on aims, purposes, and philosophy has finished its report and turned it over to Committee Thirteen for further action.

Committee Thirteen is the name given to a group of thirteen faculty members whose duty it is to direct work now being done on evaluation of West Texas State.

When Dr. James P. Cornette assumed his duties as President of the college in September 1948 he suggested that with the new administration, it might be well to take an "inventory" and generally evaluate the college to bring it up to date and to discover new means by which it

could better serve the needs of this area.

Thirteen faculty members were elected as a nucleus for the program. After a few preliminary meetings were held the group reported to the faculty that they felt the whole program could broaden its scope if the faculty as a whole worked on the project. As a result various sub-committees were set up with each faculty member serving on one or more of the sub-committees.

A few of the sub-committees now working are the committees on administration, guidance, the Amarillo Center, the graduate division, the summer session, curriculum, and public relations.

The sub-committee on aims, purposes and philosophy was appointed in December 1948. Members of the committee include Dr. Ples Harper, chairman, Dr. Ima C. Barlow, Dr. Robert Busted, Dr. Oma Jacks, and Dr. J. B. Roberts. Their primary duty was to determine the aims and purposes of the college.

To do this they conducted extensive interviews with representative groups from this area. Among those interviewed were ex-students, businessmen, professional men, housewives, members of the clergy, and students. The question asked each person was, "What in your opinion should be the aims and purposes of this college," and having decided, "How can the college best serve this area?"

The essentials of their report are: (1) That the purpose of the West Texas State College is to provide an opportunity for sound basic training for useful living and responsible behavior in a democratic society. (2) To extend the frontiers of knowledge through continued search for new truths. (3) That education is dynamic; therefore, this college should aim to forward the fullest development of the natural abilities and aptitudes of individuals in specialized fields. (4) That this college should furnish trained personnel in those fields of knowledge that are required by this area for its fullest development.

NOTICE OF ELECTION THE STATE OF TEXAS COUNTY OF RANDALL CITY OF CANYON

To the resident, qualified electors of the City of Canyon, Texas, who own taxable property in said City and who have duly rendered the same for taxation:

TAKE NOTICE that an election will be held in the City of Canyon, Texas, on the 25th day of February, 1950 on the proposition and at the place more particularly set forth in the resolution adopted by the Board of Commissioners on the 6th day of February, 1950, ordering said election, which is as follows:

"RESOLUTION
By the Board of Commissioners of the City of Canyon, Texas calling an election on the proposition of the issuance of \$95,000.00 of Bonds for Street Improvement purposes.

WHEREAS, the Board of Commissioners of the City of Canyon, Texas, deems it advisable to issue the bonds of said City for the purpose hereinafter stated:

Be it Resolved by the Board of Commissioners of the City of Canyon, Texas:

1. That an election be held in said City of Canyon, Texas, on the 25th day of February, 1950, at which election the following proposition shall be submitted:

"Shall the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the bonds of said City in the sum of Ninety Five Thousand (\$95,000.00) Dollars, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty (20) years from their date, to be optional for redemption prior to maturity. Ten (10) years after their date or on any date interest payment date thereafter, and bearing interest at a rate not to exceed Three (3%) per cent per annum, payable semi-annually, and to levy it accrues and principal as it matures on said issue of bonds, for the purpose of improving the streets of said City as authorized by the Constitution and laws of the State of Texas."

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed directors of said election, to-wit:

J. W. Shook, Judge,
T. V. Reeves, Associate Judge,
Mrs. C. O. Elkins, Clerk,
Mrs. Tom Kington, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:
**"FOR THE ISSUANCE OF
STREET IMPROVEMENT BONDS."
"AGAINST THE ISSUANCE OF
STREET IMPROVEMENT BONDS."**

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this 6th day of February, 1950.

(Seal) W. A. WARREN,

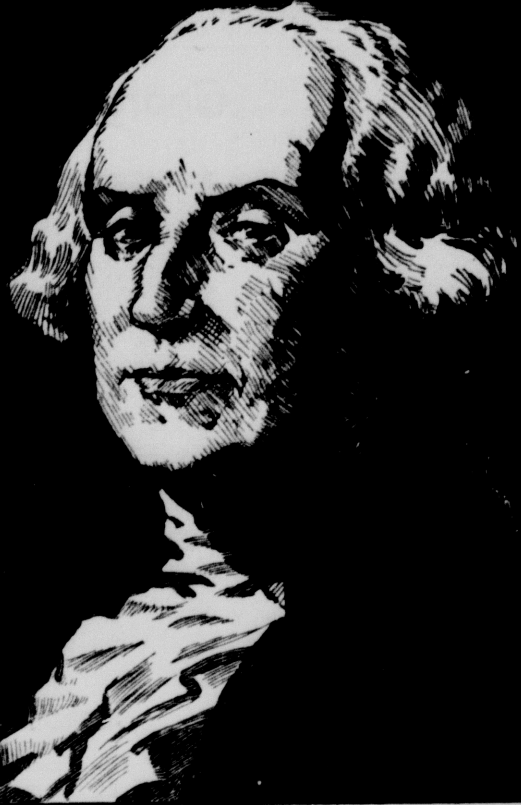

Mayor, City of Canyon, Texas.

Attest:

E. T. Cummings, City Clerk,

City of Canyon, Texas. 4912

OUR DEMOCRACY—by Mat

GEORGE WASHINGTON

"FIRST IN THE HEARTS OF HIS COUNTRYMEN," HIS INFLUENCE EXTENDED TO THE REST OF THE WORLD.

"He did the two greatest things which, in politics, man can have the privilege of attempting. He maintained, by peace, that independence of his country which he had acquired by war. He founded a free government in the name of the principles of order, and by re-establishing their sway."

THE STATE OF TEXAS
COUNTY OF RANDALL
IN THE NAME OF AND BY THE
AUTHORITY OF THE STATE
OF TEXAS.

Notice is hereby given as follows: To Abraham Sverloff and his unknown spouse and their unknown heirs, devisees, assigns and legal representatives, and the unknown owners, and any and all other persons, including adverse claimants, owning or having or claiming any legal or equitable interest in or lien upon the following described property delinquent to Plaintiff herein for taxes for the years shown opposite the description of the property described, to-wit:

Description of Property: Lot No. Two (2), Block No. Two (2), of the Gables No. 1 Addition to the City of Amarillo, Randall County, Texas, which said property is delinquent to Plaintiff for taxes in the following amounts: \$10.56. Taxes delinquent for the years: 1928 to 1948 inclusive, exclusive of interest, penalties, and costs, and there is included in this suit, in addition to the taxes, all said interest, penalties, and costs thereon, allowed by law up to and including the day of judgment herein.

You are hereby notified that suit has been brought by Amarillo Independent School District as Plaintiff against Abraham Sverloff and his unknown spouse and their unknown heirs, devisees, assigns and legal representatives, and unknown owners, State of Texas, County of Randall, and City of Amarillo, as Defendants, by petition filed on the 6th day of February, 1950, in a certain suit styled Amarillo Independent School District vs. Abraham Sverloff et al. for collection of the taxes on said property and that said suit is now pending in the 47th Judicial District Court of Randall County, Texas, and the file number of said suit is 76, that the names of all taxing units which assess and collect taxes on the property hereinabove described, not made parties to this suit, are: None.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 27th day of March, 1950, (which is the return day of such citation), before the honorable 47th District Court of Randall County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest, and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Canyon, County of Randall, Texas, this 6th day of February A. D. 1950.

Eaglettes Top Demonettes, 50-35; But Fall Before Wolverines, 35-24

Fords Win Scoring Honors
In Both Games of Week

The Canyon High Eaglettes trampled the Demonettes from Dumas 50-35 in a benefit basketball game for the March of Dimes here last Monday.

Bobby Gene Ford rang the basket with 30 markers to take scoring laurels for the night. Pat Ford didn't do bad making 14 points. Barbara Glanton had 5 and Tysene Cox scratched with 1.

Canyon held the lead throughout the game holding the long end of the score at the half 23-16.

Guards Bobby Foster, Lorayne Carter and Barbara McDougal were lost to Canyon during the game via the foul route. Other guards seeing action were Patsy Priddy, Janey Jennings and Larue Davis.

In a game Tuesday night with Dalhart, the Eaglettes lost to the Wolverines 35-24. Patty Ford brought home high scoring honors with 15 baskets followed by Barbara Glanton with 9 markers and Bobbie Ford with 7. Tysene Cox had two tallies to her credit.

OUR HEARTS ARE YOUNG AND GAY

They say "In spring, a young man's fancy lightly turns to thoughts of love." This is also true around Valentine season, the thoughts are light, one's head is light, but heart shaped boxes of candy and lace valentines are heavy on the pocket books of the poor love-struck swain.

Valentine's day is to honor St. Valentine, a bishop and a martyr of the church, who was put to death February 14, 270 for his beliefs of the church. Long ago, on the eve of St. Valentine's day, young people of both sexes met and drew names for each other's valentines. So you see, dear ones, this is not a new idea at all—M. K.

Valentines Decorate Cafeteria For Evening's Square Dancers

Not hearts on your sleeve but hearts everywhere. That is, in the school cafeteria Thursday night at the senior party.

Yes, hearts played a prominent part in the decorations and square dancing featured the evening's entertainment. Messrs. and Mesdames Kenneth Erwin, Gerald Warwick, Edgar Robinson, John Robinson and Happy McAttee helped the seniors in mastering the old art.

Approximately 28 seniors swung partners and sashayed while the chicken in the bread tray scratched out dough.

The littles senior, Mary Ruth Hill, was swung high in the air by that mighty and powerful man Bruce Winn.

"We especially feel indebted to the callers who took time out to help the seniors enjoy a very pleasant evening," stated Mr. T. L. Devin, senior sponsor.

Have you seen the new spring shoes for the entire family at Black's? It

Classes Will Study Spelling, Grammar

Special emphasis will be given to spelling, correct usage, diagramming, and general grammatical facts this semester in Mrs. Cecil Simms' English classes.

To make English courses more diversified, reports from the Readers Digest will be given by the students. Outside reading is being emphasized also. Senior classes will read "A Tale of Two Cities" and "Vanity Fair" as well as "Ivanhoe," and a book of individual choice.

Much practice will be gained in theme writing. Students of English IV have recently completed a group of five themes. "My Philosophy of Life" and "My Autobiography" will also be subjects for themes written by this section of the English Department.

Memory work will be required and the Romantic and Victorian Periods in the English IV Literature book will be studied in unison with the showing of film strips which have already arrived.

Mrs. Simms, head of the English Department, says, "The second semester's work has been started with much enthusiasm and is progressing quite rapidly."

"We feel that we are turning out an exceptional Senior class, and colleges that receive them will be gratified by having students that possess such a basic knowledge of English."

Freshman and Sophomore English classes, taught by Mrs. T. E. Beard, are devoting the greater part of their time to errors in sentence construction and an intensive study of spelling. Both classes are required to read one book and memorize one selection each six weeks.

"The English classes are, on the whole, doing especially good work which is above average," stated Mrs. Beard.

One Year Ago Today

Wayne Prichard was Prince Charming. Bobo, the magician, entertained in Lyceum.

The Canyon High School Soaring Eagles beat Dumas 51-35.

The Eaglettes were beaten by Dumas girls 28-29.

Mr. Coffin, famous poet, visited Canyon High School.

The Senior Class had a comic strip party.

Mary Ruth Hill made a grand entrance at the FHA Sweetheart Banquet.

The "Outlaw" basketball team won the Amarillo city League championship.

Mr. Jerry Jacobs' Junior team beat the Happy Junior team 70-17.

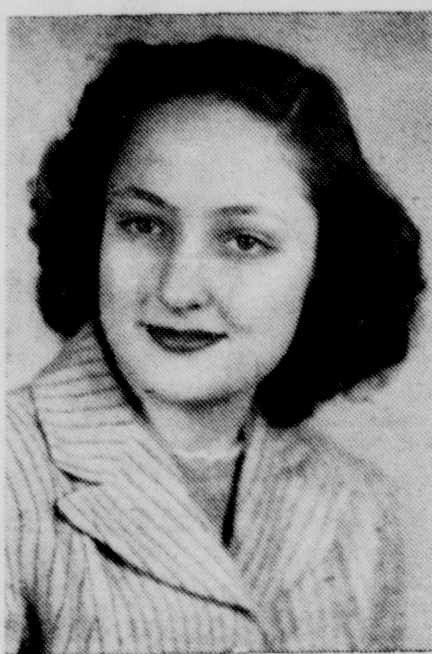

Members of FHA are furthering plans for the annual sweetheart banquet which will be held Monday night February 13th.

J. W. Bollman, a student of the eighth grade of Canyon Junior High School, withdrew this week, and is moving to Illinois.

William L. Clayton, former Under Secretary of State: "The Communists are awakening the masses and, make no mistake about it, the masses are listening."

Ralph W. Gibson, physicist, Johns Hopkins University: "The Russians got atomic fission a dam sight sooner than we thought."

Winner of Quiz

Martha Hales

Martha Hales won the "Going to College Quiz" which was tape recorded last Thursday in the high school auditorium. This entitles her to compete with fourteen other winners of high school contests at WTSC for a scholarship to that college. Other contestants were: Shirley Priddy, Mary Ellen Funston, Donna Erwin, and Mary Ruth Hill.

Jack Walker of WTSC was master of ceremonies and Ray Whitworth, from radio station KAMQ of Amarillo, acted as announcer. The program will be broadcast Saturday morning, February 18, from 9:30 o'clock to 10:00.

Questions were based on topics ranging from music and literature to the funny papers. Those questions which the contestants failed to answer were answered by the audience.

Martha's honors are: secretary of her Freshman class, FHA historian during her sophomore year, SFC representative during her junior year, and secretary of her senior class. She has belonged to the FHA four years, the Spanish Club one year, was a member of the Choir one year, and is a member of the annual staff.

Grade Notes

The gay Valentine parties have kept things popping in the grade school this week.

Mrs. Collins' little first graders have been busy as bees working on their Valentine Post Office.

Cecil Moore from Turkey, Texas, is a new pupil in this class.

Mrs. Joe Vern Hales visited this group last Friday.

Mike Moore has been absent from Mrs. Black's first grade due to the mumps, and Alvin Foster has also been out due to illness.

Mrs. Roy Byrd, Jr. and Mrs. Joe Byrd were visitors of this class Friday.

Rex Smith is back in Mrs. Davis' second grade after recovering from an operation.

Hearts filled the air as these second graders celebrated Saint Valentine's Day Tuesday.

The children of Mrs. Goodman's third grade are taking up a new unit on cotton. They are making notebooks which contain samples of material and pictures.

Sally Foster was a guest of the training school at a special program Friday.

Mrs. Usery's third grade has gained two new pupils for the loss of one. Johnny Davis from Oklahoma, and Charles Moore from Turkey, Texas, are the new additions, while Dwayne Wallen has withdrawn and moved to New Mexico.

Absentees due to illness are mounting in Mrs. Cousins' fourth grade, the latest victims being Jerry Dye, Margarita Gonzales and Jerry Bailey.

Three recent visitors to this class are Mrs. Henry Wiggins, Mrs. John Plank, and Mrs. Lita Boswell.

A musical program featuring some of the band and piano students was presented Friday by these industrious fourth graders.

Lynn Bollman is leaving Mrs. Brasher's fourth grade and moving to Illinois.

This class has also been making valentines and preparing for their party, Tuesday.

An old fashioned spelling bee was the reason for a party in Mrs. Walsh's fifth grade Friday. The losing side, headed by Joyce White, entertained the winning side which was headed by Ralph Miller.

A new student, L. B. Holden from Petersburg, Texas has been added to Mrs. Jones' fifth grade.

Mrs. Iverson's sixth graders are pleased with the new set of social studies' maps which they have recently received.

The Star Spangled Banner was made the national anthem by an act of congress on March 3, 1931.

Benjamin Franklin invented the harmonica.

Flash!! The date of "That Brewster Boy's" debut has been postponed until February 28, due to the girls' district basketball tournament which is being staged at Tulia next week.

Wal, here I am back again with some of the latest news, gossip and otherwise.

FLASH! FLASH! Have you taken a look at Mary Ellen Funston's left hand? A certain little item, better known as a ring, is attached to it, and I hear it's from a fellow by the name of Charles Pond. Best of luck, Mary Ellen!

Judy White and Edd Allen, of WT, took in a movie Friday night.

Merle Pitt waited patiently for Fay Gunter to get out of the show Friday night.

Betty McGehee and Jerry Harding enjoyed each other's company Saturday night and Monday. Melva Martin sported Jerry's football jacket. Nice go, Jerry!

Barbara Glanton and Ray Burrus took in the local cinema Saturday night.

Another triangle is developing, that of Sue Wood of Amarillo High and Bobby Gibson and Larry Prater. May the best man win!

Robert O'Donald knocked a rod out of his car going after Anita Ruthardt last Sunday. Quite a jinx on cars some of these girls are!

Girls, have you noticed those two additions from WT, Norman Stone and Jim Russell? Are they foot-loose and fancy-free? Good looking creatures they are. Get busy girls.

Goodbye folks, be back again next week with more of it.

Music Students Give Various

Numbers Wednesday Night

The program at the Teachers' Meeting Wednesday, February 7, was musical, composed of small high school groups taken from the high school choir, and individual numbers by private teachers.

Numbers given were: Johnette Weeks, Alice May Simms, Virgil Martin, and Bobby Vandergriff, piano solos; Bettie Graham, and Annette Pond, vocal solos; a quartet composed of Barbara McDougal, Shirley White, Merle Bullard and Joyce Thurmon; a mixed group; and a quartet consisting of LaNelle Gumm, Lucy Hollabough, Kathleen Truax and Marcus Robinson; and Joe Abbott, Mary Ann Sloan, Geneva Gressett, Ava Dooley and Anita Ruthardt in "Heap Big Smoke."

YEH?

Now and then you find somebody who's broadminded enough to like both extremes of modern music—a bop-corn fan.

CHANCE

If it were not for floods, relatively few reporters ever would have an opportunity to use "inundated."

USUALLY

Usually by just looking at a girl you can tell what kind of a past she is going to have.

Mongola's great desert is called the Gobi.

The Milky Way completely encircles the world.

Hadrian (122 A. D.) built the Roman Wall in England.

In the patriotic hymn "America," the word America does not appear.

Taft, an ex-president, swore Herbert Hoover into office as president.

Musicians speak of sweet music when they use the word "Schmalz."

A Balalaika is an old Russian stringed instrument.

George Esslinger

GEORGE ESSLINGER

Have you heard the thrilling story of how U. S. Army fliers downed during World War II in the snowy wastes of the Arctic were rescued by hardy dog sled drivers? And did you know these same drivers and their huskies evacuated dough-boys wounded in the Battle of the Bulge?

These exciting adventures and others from the forest wilderness along the United States-Canadian boundary will be related by the man who experienced them, George Esslinger, of Lake Kabetogama, Minnesota, in Assembly Monday, February 20.

Esslinger and his famous Malamute Husky dogs will present a thrill-packed session of true stories on their personal experiences while serving with the United States Air Force Search and Rescue Squadron. Hear first person stories of rescue and Arctic hardship; new tales from the great Battle of the Bulge and the evacuation of snow-bound casualties—the story of man and his oldest friend.

Huskies Hunt in Winter

At Lake Kabetogama, Esslinger and his Huskies are in great demand during the annual winter hunting season. They transport supplies over ice and snow to isolated hunting camps. Esslinger breeds and trains his own dogs, and makes his own sleds—even down to the rawhide lashings which he cuts from the hide of deer he kills.

This is a story with appeal for the young and old. Dog owners will find a wealth of dog lore in this presentation. Esslinger will lecture on the training, accomplishment and work of the Husky as a mode of travel and transportation in the far northwest. Demonstrations will enhance his imagination-building tales.

Loud Speaker Chimes

The Student Faculty Congress went to Tulia Tuesday, visiting the school.

Myrtia Cox, whose home is in Borger, and a student at West Texas State College, visited classes at CHS Monday in the interest of vocational guidance.

Junior and Eighth Basketball boys went to Pampa to play a game there, Monday.

Lowell Hill, Tommy Gooch, Donnie Stroup and Bill Thompson, accompanied by Mr. T. L. Devin, went to a livestock judging contest at Pampa, Monday.

Oswald C. F. Hoffman, Lutheran preacher: "We will never be able to get the world right until we put God back in the center."

Noah M. Mason, Member of Congress from Illinois: "Doing business without paying taxes has become the biggest racket in the United States."

Gilbert and Sullivan provided the tune for the song "Hail Hail the Gang's All Here."

On a pipe organ, the short pipes produce the high notes.

A motor reword here has its full rated horsepower — the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make—we can service your electric motors perfectly, economically.

Junior Loss Takes Them
From First In District

Society Sue

Loud sweaters are quite the thing these days and Houstene Prichard in her bright orange one, Lucille Simon in tucia, Nelda Ruthardt and Juanita Prichard in pink certainly brighten the halls of CHS.

Clyde Root sports attractive tan loafer moccasins with broad leather lace.

Stanley Lair's lime green corduroy shirt looks good enough to eat.

Barbara McDougal's tan duck bill shoes certainly make her feet an attractive pair.

A peach sweater looks lovely with Dana Lee Rice's blonde hair.

Ruby Lee Bond's new hair style makes her look trim and neat.

The Chinese print silk blouse Mary Ann Sloan wore a few days ago highlights her lovely hair.

Ava Dooley was attired in a melon and black stripe rayon dress last week, with tucks and gathers which made her look especially gay.

Guess What I Saw!

Ray Burrus and Richmond Payne studying in last period study hall. Billy Bonds and Harold Dean Johnson reading an English book, or was it a comic book?

Sue Ann Kinney and Peggy Bonds not even noticing the boys around them in study hall.

Jimmy Cornette and Larry Prater getting English work in on time. Frances Litsch working hard on Algebra II.

Bob Ratliff and Carol Howard sitting quietly in assembly.

Clyde Root and Jim Arnold knowing and reciting their memory work before any other student in the class had done so.

Kenneth Caskey and Tommy Harper not standing together in the hall before the cafeteria door at noon.

Clinton White and Larry Hunsacker not going back for the third refill in the cafeteria.

Berkeley SoRelle and Charles Mobley staying right up with the other students in bookkeeping exercises.

R—aymond Hinders—deserving

The last game of the season for the Canyon Eagles is history. They will try their luck next in the District tournament to be held in Dumas, February 23 and 24. The winner of that tournament will represent the district in the bi-district meet the next week.

The Eagles made a clean sweep of the slate in two games this week by downing Dalhart 41-24 at Dalhart Tuesday night, and trampling the Dumas Demons 33-23 at Dumas Friday night.

The long and the short of the Eagles led the scoring; Troy Burrus totaled 15 points, and little, aggressive Joe Abbott rang the basket for 10. Garland Butler and Bob Busted had 4 and 3 markers, respectively.

Dumas led 8-7 at the end of the first quarter after a free shot battle between the two teams. Canyon pushed ahead 18-12 at half-time and went on to win by the 10 point margin.

Juniors Lose
The Borger Juniors knocked the Canyon Juniors out of a tie for first place in the Panhandle Junior High School Basketball League with a score of 26-19.

Edel Money was high pointer for the Canyon Juniors, and Donald McDonald was the defensive stand-out.

This game was borger's fifth straight win and it snapped Canyon's string of six. Borger and West Texas Juniors now share top spot-lights in their respective schools.

**Mrs. J. E. Miller Wins Award
From Quiz Kids' Program**

Mrs. J. E. Miller recently received a certificate from the Quiz Kids which listed her as a superior teacher. Her name was presented by Frances Pennington, one of her students.

According to Frances, Mrs. Miller was named best teacher because of her knowledge, her presentation of materials to her class and the interest she aroused among the students.

This certificate entitles Mrs. Miller to an opportunity of winning the grand prize, one year's study in a university of her choice, one thousand dollars, or one of the many smaller prizes given.

Frances is also eligible to receive a prize if her letter is selected by the judges as giving the best argument for her candidate.

Mrs. Cecil Simms received the same honor two years ago when her name was presented by a former pupil, Bobby Whittaker.

MRS. T. V. SLACK HOSTESS TO MOTHER-IN-LAW CLUB

The Mother-in-Law Club met in the home of Mrs. T. V. Slack Thursday afternoon, February 9. Co-hostesses were Mrs. C. Shuman, Mrs. G. C. Cole and Mrs. W. G. Rose.

The president conducted a short business session. Attending the annual Mother-in-Law Celebration in March at Amarillo was discussed.

Mrs. Josie Combs, program chairman introduced Mrs. R. D. Lowry, who read one of Mrs. Pokebonnett's articles. Mrs. T. W. Langston played "The Holy City." Mrs. M. E. Sargee sang "Juanita" and Mrs. C. H. Stratton conducted a quiz.

The serving table was laid with a hand embroidered linen cloth and centered with an arrangement of pink carnations and heather.

Mrs. Fred Marshall presided over the silver service.

Those attending were: Mrs. Albert Byars, guest; Mrs. W. S. Myers, Mrs. Sargee, Mrs. Marshall, Mrs. Combs, Mrs. T. T. Paine, Mrs. Cynthia Anderson, Mrs. C. W. Dunn, Mrs. M. E. Cleavinger, Mrs. Rose, Mrs. P. L. Pitt, Mrs. I. M. Steen, Mrs. Cole, Mrs. John Hilgenfeld, Mrs. M. S. Frieze, Mrs. J. M. Breiting, Mrs. Shuman, Mrs. T. M. Thurman, Mrs. T. S. Trowbridge, Mrs. Stratton, Mrs. Langston, Mrs. Lowry, Mrs. R. M. Gibbs, Mrs. G. B. Bourland, Mrs. W. L. Rice, Mrs. R. E. Foster, Mrs. Jessie Reid and the hostess, members.

The March meeting will be on Thursday the 9th, in the home of Mrs. Josie Combs.

EDGETOWN H. D. CLUB STUDIES SAFETY IN HOME

The Edgetown Home Demonstration Club met February 10 with Mrs. Penie Cox as hostess.

"Sweet Hour of Prayer," the opening song was followed by "Our Daily Creed" said in unison.

Mrs. J. C. Dowd, president, presided. Opening exercises were led by Mrs. G. B. Combs. Members answered roll call by telling interesting items concerning George Washington.

Mrs. C. H. Stratton stated that the quilt for Mrs. Willie Langford, a former member of the club now living in Cisco, was mailed on Thursday. A number of persons who were unable to attend the quilting gave surprise packages to be sent with the quilt.

Miss Lou Ella Patterson conducted a round table discussion on "Safety in the Home." It was suggested that sharp knives be kept in a rack and that all medicine be kept away from food and the reach of children.

Decorations and refreshments of sandwiches, cake, ice cream and mints carried out the Valentine motif.

Those present were Mrs. Sanford Ruthart, a visitor, Mrs. Jeannette Robbins, Mrs. J. C. Dowd, Mrs. G. B. Combs, Mrs. C. W. Dunn, Mrs. Ralph Forrester, Mrs. C. H. Stratton, Mrs. W. H. Sparks, Mrs. A. M. Cunningham, Mrs. J. I. Payton, Mrs. John Wright and the hostess.

Little Raul Ann and Jackie Foster visited Saturday night with their

The Home Demonstration Club will meet Friday afternoon with Mrs. T. J. Myers, grandparents, Mr. and Mrs. Frank Rogers.

NO OVERALL

The beauty of the old-fashioned blacksmith was that when you brought him your horse to be shod he didn't think of 40 other things that ought to be done to it.

IS AND IS NOT

The coal emergency that is not an emergency from the Truman viewpoint becomes steadily more painful for the American people.

Prince Albert of England composed songs, church music and an opera.

Evening call from real-estate prospect. George out, so I fill in with details about a house he's offering for sale!

Visited over the phone with Mrs. Reeder before she went off to work. She's gone a lot, but phone keeps us in touch.

Called downtown to ask Mr. Roberts at the furniture store if our table had come in yet. Twelve blocks in twelve seconds!

Arranged to meet my friend Amma in downtown Wichita for a shopping spree. She's 50 miles away—sounds like next door.

"IT'S A REAL BUY!"

"Our telephone service is a real budget buy," said Mrs. George Bloomenshine recently, after keeping a five-day record of all telephone calls made and received at her Winfield, Kansas, home.

She finds that her telephone gives valuable service two ways . . . it saves time running her household . . . and helps her husband keep in touch with his real-estate and insurance prospects after office hours.

"It's just like having a combination errand boy, salesman and messenger working for us 24 hours a day," added Mrs. Bloomenshine. "What a surprise to find when I checked my record that this service costs us an average of only 2¢ for every call we make and receive!"

☆☆☆

Each year brings progress in your telephone service. New telephones added—improvements made! The result: you can call more people, and they can call you—with quicker, better service. It's a real budget "buy"—that grows in value every year! The Southwestern Bell Telephone Company.

What else gives so much for so little?

402 15th St.

Woods reports cities' rent rise
sharply after decontrol.**Cost of Schools
Advanced Little
in Past 10 Years**AUSTIN: Texas' rapidly growing
public school system is costing only
one-twelfth more of every tax penny
than the total expended ten years
ago.The surprisingly small increase in
apportionment of the total tax dollar
in the decade starting with the
1939-40 school year is due to several
factors. Charles H. Tennyson, Di-
rector of Public Relations of the
Texas State Teachers Association,
pointed out here today.The total government cost for all
purposes has increased tremendously
in the decade. Tennyson noted,
but said that the percentage of total
government cost for public schoolsjumped only from 30.31 per cent in
1939-40 to 30.43 per cent for the
present school year.Public schools this year will cost
an estimated total of \$155,213,552 in
revenue derived from state and federal
funds. The total cost of all
governmental services including edu-
cation is estimated at \$510,000,000.During 1939-40, which was the last
normal year prior to World War II,
Texas had 1,073,847 children attending
school. This year there are, pre-
liminary reports show, 1,181,103, an
increase of 107,256 pupils."That huge added enrollment, plus
better school facilities and more
capable teachers, account for a great
part of the added cost of operating
our schools," Tennyson said. "In ad-
dition the dollar of today has a
1939 purchasing value of 59 cents.""Texans indicated their desire for
better schools when they approved
the Gilmer-Aiken bills which re-
organized our school system and set
higher standards, but I am pleased
that the increased cost takes so lit-
tle more of the tax dollar than it
did ten years ago.""The most important factors in
this seem to be, our statistical re-
ports disclose, first, that the num-
ber of pupils attending school and
the number of teachers declined
from 1939-40 to 1947-48. As a re-
sult, the total cost of public schools
did not increase as rapidly as other
government services.""Secondly, the state has expanded
services of other kinds to its citi-
zens more rapidly than the public
school program has been expanded.""By 1948-49 the pupils attendance
and the number of teachers had
passed the pre-war level of 1939-40,
yet the proportionate part of total
government expense was not going
to the schools. In fact, the position
of the schools on the tax dollar scale
declined from 30.31 per cent to 27.49
per cent.""But to sum it up, Texas now has
a vastly improved school system,
which makes for better citizens and
a more prosperous state, at a total
increase in cost of only a little more
than one mill, a twelfth part of
every tax penny. That amounts to
a twelfth part of the cost of the
average cigarette."Senator Walter George, chairman
of the Senate Finance Committee,
aims to do a major job of revision
of benefit payments under the ex-
panded program of old-age insur-
ance now being shaped. Senator
George is not convinced that bene-
fits should be weighted so heavily
on the side of the lower-income in-
dividuals and on the side of the
older people at the expense of the
younger.J. Howard McGrath, Attorney
General, would like to put a little
more emphasis on consent decrees,
worked out under antitrust laws, and
to move a little more slowly with
antitrust suits against corporations
in this period when the President is
inclined to talk more kindly to busi-
nessmen. Antitrust division of the
Department of Justice, however, has
a big batch of cases hatching.Dean Acheson, Secretary of State,
put up to President Truman the
question of whether his usefulness
had been impaired by his state-
ment refusing to turn his back on
Alger Hiss. The President is under-
stood to have told him to forget it.**Low Income on
Investments Is
Nation's Trouble**One of the matters that causes
headaches in business and financial
circles is the decline in the net re-
turn which investors, taking them
by and large, receive on the money
they have placed in the securities
of industry. A number of commen-
tators are of the opinion that the
investor has become the real "for-
gotten man" in the era of enormous
material progress which he financed.A typical comment was recently
written by W. Alton Jones, president
of the Cities Service Company. He
observed that in the petroleum in-
dustry someone must provide \$34,000
worth of "tools" for each worker em-
ployed. He said, "A worker so de-
pendent upon tools should cultivate
the good will of the man—and not
overlook the woman—who makes
the job possible. . . . The American
custom is to induce someone who
has saved to join in an enterprise
by investing his savings in tools and
facilities so that management can
assemble workers and get on with
the task of producing something
people want."The drop in the return paid for
the use of the "tools" has been very
sharp. At one time it averaged
around eight cents—now in many
instances it is down to two or three.
The factor is of extreme importance
here. The investor, whether rightly
or wrongly, must pay a double tax.
First, the profits earned by corpora-
tions are heavily taxed on a gradu-
ated scale. Second, whatever is
paid out to investors in the form of
dividends or interest, is hit hard by
the income tax. The result is to dry
up sources of "tool" money.This is not a problem of moment
only to the large business. In fact,
it is felt most severely by the new
and smaller business. The big going
corporations, which have been in
operation for many years, are al-
ready financed. Generally, they have
large reserves earned in the past.
They are best able to adapt them-
selves to changes in the economic
climate or government policy. The
smaller business, on the other hand,
doesn't have these advantages. It
may need money for expansion, or
to get going in the first place. The
investor who puts up that money is
running a risk of losing it all. So,
knowing that even if the concern
does succeed his net return after
taxes will be small, he is chary of
the risk.Some say that it would be virtu-
ally impossible to build very large
corporations starting from scratch
today. At best, the difficulties would
be enormous.It is an interesting fact that top
industrial leaders are making a de-
termined effort to get this story
over to labor. Efficient, expensive
tools are responsible for high wages
and short working weeks. So, the
leaders point out, policies which dis-
courage creating more and better
tools are inimical to labor's inter-
ests.Francis Matthews, Secretary of
the Navy, is to discover that Ad-
miral Louis Denfeld, former Chief
of Naval Operations, denies cate-
gorically many of the statements
made by Mr. Matthews in a closed
session of the Senate Armed Ser-
vices Committee. Instead of one
question involving veracity, there
now is a whole group of questions.Joseph Stalin, Russia's dictator, is
the one now who shows no interest
in the idea of talks to see if differ-
ences between the Communist and
non-Communist parts of the world
can be moderated. Russians are not
so interested in talking during a
period when much of Asia is either
falling or promising to fall their
way.Sir Oliver Franks, British Am-
bassador to U. S., is mentioned pro-
minently as a successor to Sir Staf-
ford Cripps, Chancellor of the Brit-
ish Exchequer and economic-policy
czar, if Sir Stafford decides to re-
tire in event Labor retains power in
Britain. Sir Stafford's health has
not been robust.Charles Brannan, Secretary of
Agriculture, is to make the Maine
Republicans sweat it out with their
potato problem. The Secretary has
an idea that Republicans who are
loudest in their complaints about
Government spending also are
among the loudest in demanding
continued large-scale subsidies for
their potatoes.Scientists working in the arms
field point out that the day of the
piloted bomber as an effective wea-
pon in a future war is rapidly on
the way out. Defense is fast catch-
ing up with the big bomber, with the
offense having to shift its emphasis
gradually to guided missiles traveling
at great speed.If Secretary Acheson should later
prefer to retire rather than to go on
battling with Congress, W. Averell
Harriman, present Marshall Plan
representative in Europe, would be
first in line of those eligible for the
job.U. S.-Argentine working on plan
to increase trade by 75 per cent.Wheat changed to rye by Stalin-
ist methods, says Lysenko.James B. Conant, Harvard presi-
dent and adviser to the Government
on some specific problems, jolted the
military services with his observa-
tion that this country is making
basic decisions on weapons, involv-
ing expenditures of immense sums
of money and great effort, without
any real evaluation of what it is
doing.Guy Gabrielson, Republican Na-
tional Committee chairman: "One
way to get people to the polls is to
start an argument."

From the twelfth century children have been learning to repeat this prayer of faith. Back of that are the other centuries when families quoted the 121st Psalm from which it was doubtless taken...

*"Your Guardian will not slumber,
He will neither slumber nor sleep."*

Precious lad with the dimpled cheeks, knowing so little what the world holds of joy and of sorrow, of foes and of friends, of sickness and of health, of defeat and of triumph. Perhaps he has mother and father now and every care for his happiness. Who knows what tomorrow holds for him? You and I may not be near to counsel and to encourage. What then?

Wise and thoughtful for all the years ahead were the parents who early introduced the lad to his eternal Friend and helped him to be at home in the Father's universe. Some day every boy and girl will have to stand alone; will there be strength from hidden springs, a sense of sustaining Power? Some day every woman and every man must make a choice between the high way and the low; will there be light that shines on the good path the soul should take?

Every child born into God's world has a right to know that God is Creator and Sovereign, that His will finally must prevail. Every girl and every boy has a right to be sure that the universe is friendly and that its basic principle is Love. Every living person has a right to trust and to faith and to hope. Every human being has a right to know that he is made in the image of God and eligible to a place in the divine Family. We are both animal and divine spirit; God breathed His own Spirit into man and he became a living Spirit, like unto God. Every child has a right to live reverently as in the continuing and blessed fellowship with the Highest; he has a right to the adult helpfulness that puts his feet in the Way of Life. Teach him to say, "Now I lay me down to sleep, I pray the Lord my soul to keep. If I should die before I wake, I pray the Lord my soul to take."

Bufs Will Play Two 1950 Games at Amarillo Stadium This Fall

The Buffalo football team will play two home games in Amarillo next fall according to the schedule which was released Friday by Coach Frank Kimbrough.

As previously announced, the Bufs will open their season next fall by entertaining Arizona State of Flagstaff in Amarillo, Sept. 16. The contest will be a night game starting at 8 o'clock.

Tentative arrangements had been made to stage another game in Amarillo due to the enthusiasm displayed by Amarillo fans over the possibility of having college football played in their own back yard.

West Texas school officials, desirous of pleasing their host of Amarillo fans, decided to give them nothing but the best—which, potentially speaking, was the West Texas-University of New Mexico battle slated for Oct. 14, originally planned as the homecoming game.

Consequently, in a meeting between school officials and the college homecoming committee an agreement was reached in which the New Mexico tilt would be played in Amarillo, and the Sam Houston State contest on Oct. 21 was tabbed for homecoming.

The New Mexico-West Texas clash, besides shaping up as one of the better Border Conference games on the schedule, has added mean-

ing for local and regional fans because of the preponderance of High Texas youngsters on the Lobo roster.

Fred Reynolds, Denny Willis, Jack Glasgow, Gene Polk, John Lookingbill, and Don Mulkey of Amarillo, Bill Speer of Pampa, Milton Price, Marvin Matheny and Bill McLaughlin of Borger, Jack Weldon and Bob Bogle of Plainview are just a few of the local boys who probably will be seeing action for the Lobos next fall.

Then too, under the leadership of newly acquired Coach Bud DeGroot, the New Mexico institution has commenced a renaissance in football which will make it a power among Border Conference teams.

The complete schedule:

Sept. 16—Arizona State (Flagstaff) at Amarillo (night).

Sept. 23—University of Arizona at Tucson (night).

Sept. 30—McMurry at Canyon (night).

Oct. 7—Texas Tech at Lubbock (night).

Oct. 14—University of New Mexico at Amarillo (night).

Oct. 21—Sam Houston State at Canyon (day) (homecoming).

Oct. 28—Trinity University at San Antonio (day).

Nov. 4—Texas Western at El Paso

Bufs Won and Lost Games Here in the Border Conference

The Buffalo basketball team won Thursday night from Flagstaff by a score of 58-46, but lost Saturday night by a score of 54-61.

The Bufs are now tied for fifth place in the conference, with Arizona University of Tucson holding a tight lead in the conference with a perfect record of 9 wins and no loss.

The Bufs will move on New Mexico State at Albuquerque Thursday night; meeting New Mexico A. & M. at Las Cruces on Friday night; and winding up Saturday night at El Paso against Texas Western.

Four straight games at Burton Gym will end the season for the Herd; New Mexico A. & M. on Feb. 22; Texas Western on Feb. 23; Arizona University on March 1; Texas Tech on March 4.

(night).

Nov. 19—Hardin-Simmons at Abilene (day).

Texas Adopts New System of Issuing Drivers Licenses

After years of study aimed toward better serving the motorists of this State, Texas has pioneered in improving the style and the procedure of issuance of drivers licenses, according to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

Under direct supervision of A. F. Temple, Chief of the Department's Drivers License Division, the new licenses have been adopted, after extensive study, for greater ease of processing and with a view toward making the renewal of licenses less effort on the part of the motorists. Texas, so far as is known, is the first State to adopt the technique of notifying drivers when their licenses are about to expire.

Effective this week, the License Division will begin issuing the new style Operator, Commercial and Chauffeur permits to all applicants. Licenses now in effect will remain valid and will be replaced by the new form upon the next renewal by present holder.

Complete handling of the new license will be effected by machines and the license itself will be mailed out in the form of a post card which is so arranged to permit separation to allow for proper fitting into bill-folds or card cases.

One of the more important features of the new procedure will be a recorded renewal copy of the original license which will be mailed to operators about a month prior to the expiration date of their license advising them that it is about to expire. This is expected to be a real benefit to the thousands of Texas drivers who habitually allow their licenses to expire because of neglect in checking the expiration date. The new license will also carry the actual date of expiration rather than the date of issuance as previously used.

Holders of the old type license which has been in use for several years will not be required to execute a form when seeking renewal. All that is necessary is to tear off the renewal stub, make any corrections as to address, etc., on same, and mail it in along with a money order in the proper amount.

Cost and validation periods of the licenses will remain the same: fifty cents for Operators License for two years; one dollar for Commercial License for one year; and, three dollars for Chauffeur's License for one year.

Have you seen the new spring shoes for the entire family at Black's?

Clifton F. Golden, adviser to Economic Co-operation Administration: "By refusing to buy from Europe, Europeans can no longer afford to buy our machinery and raw material."

Thomas E. Dewey, Governor of New York: "I am one of the few elected officials in the United States who have not asked for a pay increase."

H. H. Arnold, former Commanding General, U. S. Air Forces: "The people of the United States have ultra-short memories."

Ralph E. Flanders, U. S. Senator from Vermont: "Has the poor but honest family disappeared from the American scene?"

Michael J. Quill, union leader: "I never met an employer yet who would say he could afford a pay rise."

John H. Catt, retired business man: "Too many people roll out of bed on Sunday morning and lie around waiting for dinner."

Oscar R. Ewing, Federal Security Administrator: "We Americans are committed to social progress."

John Elliot of Natick, Mass., translated the Bible for the American Indians.

The Tower of Babel was 300 feet high.

"Gospel" means good news.

Upsala University is in Sweden.

New Oil Offered Says L. L. Byars

Continental Oil Company today revealed developments of a new motor oil—the result of eight years' laboratory research, two winters of testing in Montana and Colorado, and a 50,000-mile road test along the Mexican border, according to Lonnie Byars, local agent for Conoco.

The new oil called "Super Motor oil" will be made available in Canyon, starting Wednesday, February 15, he said.

"The remarkable performance of the oil under severe and exhaustive road testing, plus the fact that it has met every challenge of the laboratory for preventing wear and keeping engines clean," said Mr. Byars, "convince all of us with Continental that this new super motor oil is as nearly perfect as it is possible today to develop a lubricating oil."

Each of six cars and four trucks, during the 70-day road test along the Mexican border, covered more than 50,000 miles at an average

speed of 60 miles an hour for the cars, and 50 miles an hour for the trucks. The cars were run for fourteen hours each day, six days a week, in the sizzling South Texas heat that at times reached 110 degrees in the shade. Eight hundred miles per day were racked up on the speedometers of the test cars, and 690 miles a day on the trucks.

At the end of the 50,000 mile run, equal to five years' mileage for the average family car, engines of the cars showed no wear of any consequence. In fact, by actual measurements with highly sensitive instruments, wear was an average of less than one-thousandth of an inch on cylinders and crankshafts. Original factory machining marks were still visible on piston rings.

The road testing results are certified by the Southwest Research Institute of San Antonio, and Norman Penfold of the Institute, under whose certification the test run was made. Mr. Penfold is acknowledged as the outstanding independent authority on oil testing.

According to Mr. Byars the new oil for local automobile and truck owners represents another long step forward in the method pioneered and developed by Continental Oil Company for using additives in mineral oils to increase effectiveness against wear and assure longer life for motors.

Cantatas and operas differ in that a cantata is a musical drama sung without costume, scenery or action, while those things are present in an opera.

Originally there were four months between presidential elections and the inauguration to allow for slow methods of communication and transportation.

The known volume of oil underground today is more than a trillion gallons.

Drive-in service stations were inaugurated in 1903. Today there are 250,000.

The first oil pipe line was of wood construction, five miles long, and had a capacity of 800 barrels daily.

IT CHOPS AND SHREDS STALKS FOR CLEAN PLOWING

Everybody's talking about the famous Humboldt Stalk Cutter, which does such a wonderful job of chopping up and shredding corn, cotton, maize and other stalks. At the same time spreading them evenly in the field, all ready for REALLY PLOWING THEM UNDER, the kind of plowing which—

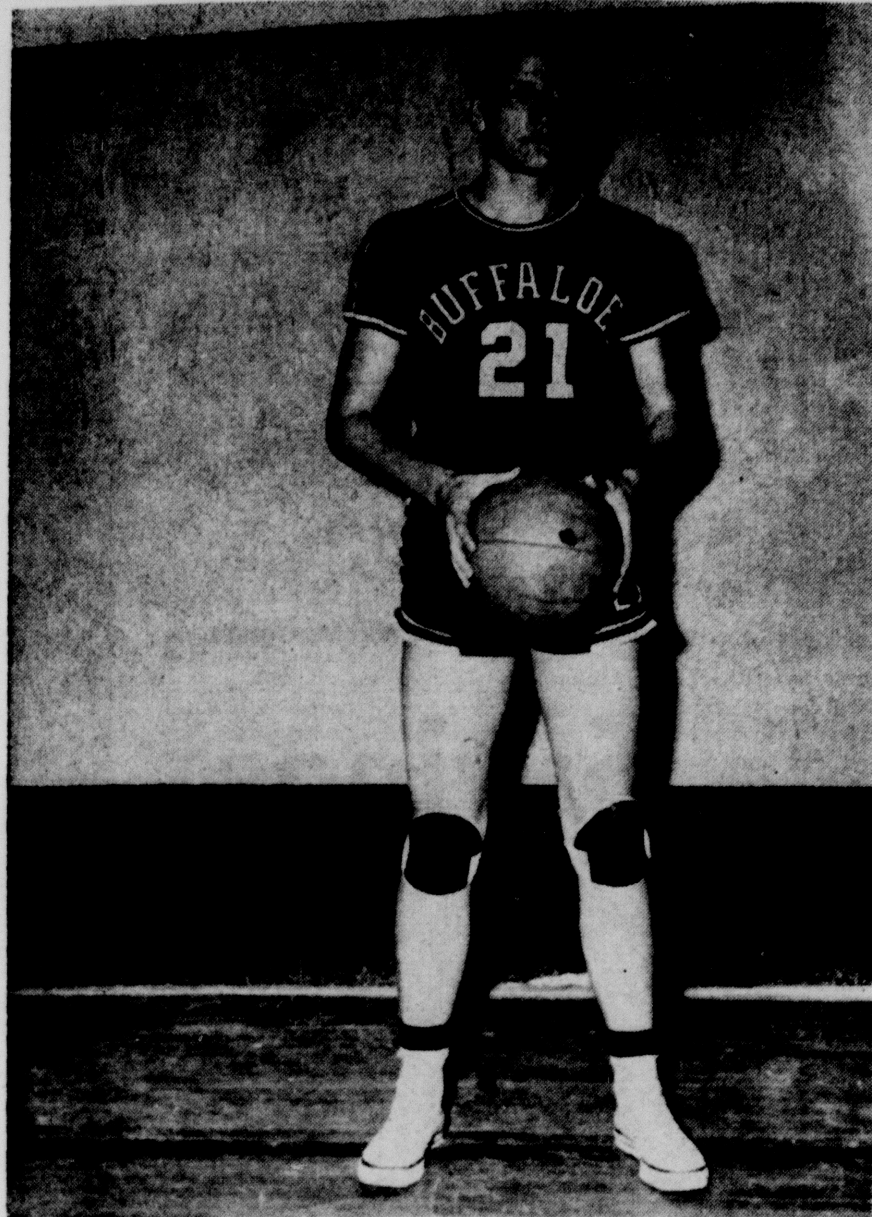

BUILDS UP SOIL—through nitrogen and other soil nourishment in stalk remnants.

HELPS CONTROL CORN BORER, BOLL WEEVIL, etc.—by enabling a thorough, clean job of plowing, thereby stopping reinfestation.

Investigate The HUMBOLDT CUTTER

Tractor-driven and power-takeoff-driven. Double blades (4 knives each) whirl 1,000 R.P.M., cut and mangle stalks into small bits. Blades supplied either with straight edge cutting knives or swinging hammers. Adjustable cutting height. GUARANTEED AGAINST FAULTY WORKMANSHIP AND MATERIAL.

BYARS & OLIVER
Oliver Farm Implements

HARD LUCK HOOPSTER, DWAIN STEWART, is making a steady recovery after suffering a broken foot on a Buffalo road trip early in the season. The sensational sophomore had earned himself a starting position on the Buff varsity before the accident occurred. His foot is now almost completely healed and all that appears lacking is to polish that was lost while the foot was healing. His return is expected to bolster the Buff attack considerably.

An Editorial— And W. T. Reply

(From Eagle's Tale last issue)

LOVE US? MAYBE, YES?

Wonder how W. T. students will like C. H. S.? Maybe they'll love it, and then again maybe they won't!

Any student of Canyon High School would have very little difficulty expounding his school's merits, but of course, being prejudiced, his view-point might have little weight with a confirmed "W. T.-er."

Heavens knows what would happen if C. H. S. was forced to move to W. T. Walls of agony would most likely prevail, along with flying hair and heated arguments, progressing blow by blow.

No doubt, a new style of filing fingernails would develop among the feminine half of the students. That style being long sharp points, the use of which will be left to the reader's imagination.

However, there is the possibility that W. T. students will see Canyon High as it really is, the most wonderful, fair, and magnificent school in existence. A-hem-m!! In that case, an atmosphere of pure love and harmony would soon come into existence among parties harboring the same convictions.

Putting all kidding aside though, the students of both schools will get along "just swell" if each one does his part to make school life congenial by simply following the Golden Rule.

Canyon High can be a bigger and better school because of the addition of W. T.'s students with very little

effort, and it can turn out to be just One Big Happy Family.

—By M. M.

A GOOD SCHOOL—UNITED

Yes, maybe we will like Canyon High and maybe we won't. It will be up to Canyon High pupils and teachers if we do or don't. A smile or a friendly "hello" might help more than "pointed finger nails" to see how "wonderful, fair and magnificent" your Canyon High really is M. M.

We W. T. students are coming to Canyon High because the Educational directors have seen fit to combine the two schools to make a bigger and better school and to raise the standard of C. H. S. Of course some of the W. T. pupils do not like the idea any better than some Canyon High students would if they would have to come to our school. Personally I have liked the idea from the beginning because I have many good friends there and the school as a whole will be better represented in sports and other activities.

Our dads pay taxes too so we should feel happy, free and welcome to go to the one and only high school in Canyon next fall. United we can make a good school.

So let us be good sports about the change and strive to make the change a worthy one.

—Janice Waldrop.

Louis Johnson, Defense Secretary, is going out of his way to try to make gestures to the Navy in an effort to give the impression that he really isn't trying to sabotage that service's role in the defense setup after all. The Secretary has discovered, along with General Bradley, that Russia is placing major emphasis now on naval development at a time when the heads of the U. S. defense establishment thought she didn't have a Navy.

Gen. Omar Bradley, Chairman, and other members of the U. S. Joint Chiefs of Staff, are agreeing with Gen. Douglas MacArthur that U. S. must now make arrangements to maintain military bases in Japan from here on out. Only two or three years ago the Joint Chiefs had crossed Japan off and thought they could control the Western Pacific from Okinawa and a few other islands.

Some important businessmen in Germany, with past contacts with the Russians, advance the idea that U. S. could negotiate a peace with Russia. Their idea is that, for a settlement of between 5 and 10 billion dollars, Russia would abandon claims to East Germany, opening the way for both American and Russians to retire, leaving all of Germany for the Germans.

Could be that John L. Lewis, in time to come, will be hailed as the man who first organized the king-sized week end—or the three-day work week.

SUSPICION

The way the price of coffee has been behaving these days gives rise to the suggestion that some processors must be using Mexican jumping beans in their blends.

Arthur E. Summerfield, chairman, Republican Strategy Committee: "We have failed repeatedly to offer the American people any reason to remove the Democratic Party from power."

John Foster Dulles, Republican adviser on foreign affairs: "The Communist political structure is over-extended, over-rigid and ill-founded."

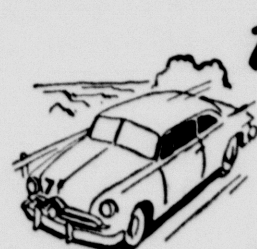

Edwin G. Nourse, former Chairman, Council of Economic Advisers: "I'm just one of those old-fashioned girls who believe it is better not to take too much risk in questionable directions."

Britain to reduce her oil imports from dollar areas.

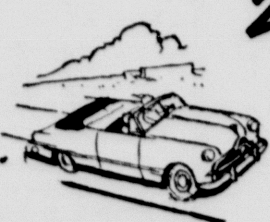

Grand Canyon of the Colorado River, Arizona

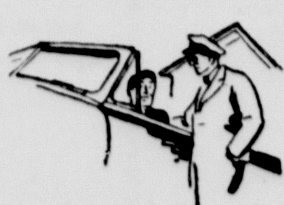

50,000 Miles - No Wear!

1. Driven "Twice Around the World!" For 50,000 killing miles, six brand-new cars raced over the hot desert along the Mexican border . . . testing the wear-fighting qualities of amazing Conoco Super Motor Oil. At the end of 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Startling proof—factory finishing marks were still visible on piston rings!

2. New-Car Mileage for 5 Years! This punishing road test—equal to 5 years' normal mileage—proved, as nothing else could, that Conoco Super Motor Oil, with proper crankcase drains and regular care, can keep your new car new! Gasoline mileage for the last 5,000 miles of the test was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon!

3. New-Car Power! Quicker Starts! Yes—the extra protection of Conoco Super Motor Oil keeps that factory flash . . . that showroom smoothness . . . year after year after year! Conoco Super Motor Oil's exclusive ability to OIL-PLATE metal surfaces makes your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean. Conoco Super Motor Oil has proved itself to be the great new modern wear-fighter!
